**The Single Subject Internship Program** \*\*  
at San Jose State University is a collaborative effort between the faculty of the Single Subject Credential Program and a growing number of local school districts.

The Internship Program offers high quality teacher education for secondary school (grades 6-12) teachers while they work in culturally and linguistically diverse classrooms. Interns receive ongoing coaching from experienced classroom teachers and university faculty. Course work ties theories of "best practice" to interns' classroom experiences.

## PROGRAM BENEFITS

- Courses directly related to interns' teaching experiences
- Courses taught by university faculty and practicing school personnel
- One-on-one coaching by experienced classroom teachers and University faculty
- Release time for professional development
- Convenient class schedule-cohort group

\*\* An approved program of the California Commission on Teacher Credentialing

Early completion option is available for individuals meeting qualifications and requirements
