Eddie Garcia, Board Member
I want to put these comments on the record. I am going to support this because we need to support any initiative that wants to close the achievement gap. However, I think this is a cookie-cutter approach and it doesn’t talk about a couple of important major issues that need to be discussed in the achievement gap discussion. One of them is equitable distribution of resources. This is cookie-cutter stuff. We are going to raise the standard, which is great, but what about the equitable distribution of resources to where they are needed. This effort initiative does not address that. The second is, quite frankly, what I call the elephant in the room. The elephant in the room is exactly what Ms. Brazil, Ms. Blackerby and Mr. Smith are doing at Oak Grove, which is the students. Those student comments were powerful and we have got to face and look ourselves in the mirror as a community, not just East Side, but everybody that there are institutional biases out there where people are judged by how they look, where they come from, what they do. If we can’t look at ourselves and say “that’s true,” then we are not being honest with ourselves. This initiative does not address that issue. There’s two elephants in the room: The distribution of resources on an equitable basis and us, as a community, looking at ourselves. I am proud to say that from these two presentations today, in addition, to these two study sessions we had, I think this school district is going to go above and beyond San Jose 2020 because we are ready to talk about courageous conversations. With all that said, I am going to support it, but I am not going to make a motion, because I think it is missing a whole bunch.
Motion by Member Nguyen, second by Vice President Herrera to adopt as amended Resolution #2009/2010-15 to Support the SJ2020 Initiative to Eliminate the Achievement Gap, which will include English Language Learners in the Resolution.

10.04 Receive Second Reading and Adopt Proposed Audit Committee Charter and Related Board Policy Amendments – Member Frank Biehl and Board Secretary J. Manuel Herrera, Ad Hoc Audit Committee

Speakers:
- Wendy Stegeman
- Jon Reinke
- Dan Juchau

Frank Biehl, Clerk
The primary purpose of an audit committee is to improve trust by providing greater transparency over public funds. This independent body will be responsible for ensuring that the appropriate accounting systems with checks and balances are in place and being followed. The Committee will recommend the selection of an independent auditor and oversee that auditor’s engagement. Accountants engaged by the Board, the Board makes a decision about who is hired, but they would report directly to the Audit Committee. The Audit Committee would consist of five voting members, which would include two Board Members, one of which would serve as the Chair and the other as the Vice Chair, and three public members. The membership is subject to strict conflict of interest provisions and that’s all included in the Charter. The Committee must collectively possess the knowledge and expertise in accounting, auditing, reporting and school finance needed to understand and evaluate district financial statements. It is not the committee who set priorities on what has already been spent in the district. It is not a spending committee. It is a committee to make sure that the accounting procedures are properly in place to account for the money that the district spends; that’s their purpose. That’s a very, very important purpose and I am sorry that has been something that has been lacking in this district over the years and can now be corrected. We’ve gone through a series of four meetings in the community. We’ve received a lot of input. We’ve had seven revisions of this Charter. We’ve had it reviewed by Legal Counsel. I think that what we need to do tonight is adopt this proposal and demonstrate to the community this Board’s commitment to transparency and accountability. I believe it is
the first step in restoring trust in our accounting system and procedures. There is no provision in this current proposal for an internal auditor. That’s another discussion that this Board will need to have on another day and there is no provision for this Audit Committee to have any ability to spend any money. All that authority rests with the Board. I do not believe there is any reason why this will create any additional spending at all, unless the Board determines that is necessary in the future, but I don’t think that is going to be necessary.

I am asking that we take this first step tonight. That we, next week, send out the application form that has been included in here. We do a full open public process, just like we would if we were appointing another Board Member and then hopefully at our December meeting we have the opportunity to appoint the five public members and by February 1 we are up and running with the audit cycle for the following year. We will have an audit presented to the Board in January. This will put us on cycle to follow this procedure for the following year.

Motion by Clerk Biehl, second by Vice President Herrera to receive the second reading and adopt the proposed Audit Committee Charter and related amendments to Board Policy #3460 and Board By Law 9200.

18. **BOARD OF TRUSTEES/SUPERINTENDENT COMMUNICATIONS/COMMENTS**

18.01 Board of Trustees

   - J. Manuel Herrera, Vice President

   I am going to publicly say that I appreciate the contributions that former Superintendent Bob Nuñez made to our district and our organization during the time that he was here. Thank you.
- **Lan Nguyen, Board Member**
  Last Saturday there was gang awareness forum/conference held at Yerba Buena High School. It was through a Santa Clara County Superior Court Judge who was an alumni of Yerba Buena High School. That was the first time I attended a conference held for Vietnamese parents and students that has such a high caliber of panel finalists, including a Superior Court Judges, Assistant District Attorney, Captain of the San Jose Police Department, and Deputy Public Defender. There were six people who talked about gang problems, particularly with the Vietnamese-American students. I thought it was a very good forum. It was an eye opening for the parents who attended because a lot of them have children not doing well and not knowing that there are other children/families who have those same concerns and problems and how to appropriately deal with them. I hope that in the future there might be similar forums held for our students or our parents to not only inform and educate parents, but also to not just understand the issue, but what to do when their children get involved in the system.

- **Patricia Martinez-Roach, President**
  I just want to report that the Superintendent and I have been meeting with the Latino parents for the last couple of months. Last month, Police Chief Rob Davis was the guest speaker. He spoke to the parents in Spanish; he is quite fluent. It was a wonderful session. The parents enjoyed having him. It was a very open discussion about concerns that the parents have and as a result of that conversation, he wants to continue the dialogue. This past Monday he sent four Captains, which is quite impressive. As a result of that meeting, I have been in contact with Angel Rios and Mario Maciel from the City who are involved in a project that is a 12-week project. We are going to try to coordinate a partnership where the parents don’t have to pay $120 to be a part of the session.

When I met with the Vietnamese parents a couple of nights ago, they were very interested also in getting the training.

The common theme that I have been getting in meeting with all the groups is safety. They are really concerned about their kids. Are they safe on campus? What are we doing about that? So, we are discussing that.

With the Vietnamese parents, it was standing room only at YB. I was very impressed with that. They are asking the Board to consider more bilingual Vietnamese staff and to also have AP level courses.

There is a meeting in December with the African American Coalition.

I had the pleasure of going to Mt. Pleasant’s game last Saturday. It was a lot of fun. I wanted to thank them publicly.

18.02 **Acting Superintendent**

**Den Moser, Acting Superintendent**

I would like to take this opportunity to congratulate one of our teachers who has been selected for the Outstanding Educator award for District 2, City of San Jose, and that is Carol Evans who is a Science Teacher at Oak Grove High School. Congratulations Carol!
