EAST SIDE UNION HIGH SCHOOL DISTRICT

TO: Board of Trustees

FROM: Dan Moser, Interim Superintendent

SUBJECT: Approve Minutes of April 15, 2010, Regular Board Meeting

Attached are the minutes of the April 15, 2010, Regular Board meeting for review and approval by the Board of Trustees.

FISCAL IMPACT: None

FUNDING SOURCE: None

RECOMMENDATION: It is recommended that the Board of Trustees approve the April 15, 2010, Board meeting minutes as presented.

Our adopted rules of Parliamentary Procedure, Robert's Rules, provide for a consent agenda listing several items for approval of the Board by a single motion. Most of the items listed under the consent agenda have gone through Board subcommittee review and recommendation. Documentation concerning these items has been provided to all Board members and the public in advance to assure an extensive and thorough review. Items may be removed from the consent agenda at the request of any board member.

Motion:

East Side Union High School District
Approved
Board of Trustees
June 22, 2010

Printed 06/19/2010
EAST SIDE UNION HIGH SCHOOL DISTRICT
REGULAR MEETING
OF THE

16. **WRITTEN REPORTS/RECOMMENDATIONS**

None
17. **Board of Trustees/Superintendent Communications/Comments**

17.01 Board of Trustees

*Lan Nguyen, Vice President*
I want to thank the Board for attending the Vietnamese Student Recognition event.

*Patricia Martinez-Roach, Clerk*
I want to express a concern about Mr. Poizner who wrote a book about Mt. Pleasant. My concern is that I went to his website and wanted to see what he has... I am never going to buy the book. I had to read some of the text and I was really troubled by the many names that he referenced in the book. Immediately my concern had to do with student confidentiality. Are these student names real? We really need to look at the issue of confidentiality. I would never allow anyone to discuss my student in a book without permission. I am very troubled by that. He has exploited the spirit of education.

Response by Legal Counsel Patricia McKernan to Clerk Martinez-Roach’s concern
You are right, it is confidential information. I don’t know if the names are fictitious or not. We would certainly have to look at it.

*J. Manuel Herrera, Board Member*
The Board needs to revise its policy on procedures around public comment when we have an overflowing crowd. Today we had 2 ½ hours of unscheduled public comment. All of it, which is welcomed, but it needs to be managed. Perhaps with an approach when we can see 60+ speakers signed up, that in the first hour it is limited to one or two minutes, but if it goes beyond the first hour, then we keep reducing the time available to individuals. People can say what they need to say in less time if given less time, but I believe we have to manage this more.

Response by Eddie Garcia, President
I think the management of it, the speakers are respectful, were respectful, the crowd is respectful. I believe it is their right as citizens of this community to come and talk. I think the last two times it was managed well. This is a very emotional time. There was not one time tonight or last month where I thought anything was going to get out of control. I thought it was completely respectful on both sides. As one Board Member, 60, 100 sounds crazy, but that is what we are here for.

Response by J. Manuel Herrera, Board Member
Mr. Garcia I agree with everything that you said. I think people can be heard, but when we are faced with numbers of speakers at that scale, they will work within the boundaries that the Board sets.

Response by Eddie Garcia, President
Here’s my concern Mr. Herrera: I think you are absolutely right. The last meeting we set it at one minute because there were a whole bunch of speakers. This time it was at two minutes. Both times it went about 2½ hours. I would rather that we make a decision at the onset and not halfway through as you suggested. That is an unfairness issue and an inequality issue. I agree with you, but let’s make a decision as a Board at the onset with the lay of the land. I wouldn’t support changing midstream.
Frank Biehl, Member
I do think at some time we can review the agenda and move some things under consent because we don’t spend any time on them. If, legally, we can move them on consent and then pull them if a Board Member has a question on it, that might save us 10 minutes or so.

Eddie Garcia, President
Two meetings ago, Mr. Nguyen asked about a retreat and we did talk about it briefly. The consensus, after talking to some of the Board Members is to wait until mid June after this budget is passed. That way we have a sense what we are looking at and then we can get back on track.

17.02 Dan Moser, Interim Superintendent
I would like to congratulate James Lick, Yerba Buena and William C. Overfelt for receiving the summer grants from the City of San Jose. Congratulations to those three schools!

18. REPORT CLOSED SESSION ACTION(S)
Attorney will report on closed session action item(s).
See section 2.0 for reporting out of Closed Session items.

19. ADJOURNMENT
President adjourns the meeting.
President Garcia adjourned the meeting at 12:00 a.m.

Respectfully submitted,

[Signature]
Board Clerk

</table>
| Jerry Kurr         | January 22, 2010 through and including January 21, 2011 | $53,484.00 | Education Center
| John Lawrence      |                                        | School Facilities Fund    | Jerry Kurr
| Donna Bertrand     |                                        |                          | John Lawrence

The District is requesting authorization from the Board of Trustees to issue Amendment #1 to Contract Services Agreement and Change Order #1 to Purchase Order #002183, with Kleinfelder for the contract term January 22, 2010, through and including January 21, 2011. Services are for the provision of special inspection, materials and testing services related to the installation of photovoltaic systems at the six listed high schools and other related services as needed. Contractor will also provide geotechnical observation and consultation during construction of solar panels drilled pier foundations at the six listed high schools and other related services as needed.

Schools include Andrew Hill, Evergreen Valley, Foothill, Independence, Santa Teresa, and W. C. Overfelt.

Reason for the Amendment/Change Order
The original Contract Services Agreements were approved by the Board of Trustees at the January 18, 2010, Board meeting in the amount of $52,975 and $13,800 for a total of $66,775. The original contracts were based on a set of assumptions regarding the production schedule to manufacturing the T-Structures and the written requirements from DSA. However, since that time, the production schedule has slipped, which has delayed the project and DSA has added additional requirements significantly increasing the number of inspections.

Selection Process
The process was completed under the original Board approval of January 21, 2010. Three consultants were solicited and Kleinfelder was selected based on their rates being the lowest of the three proposals.
RECOMMENDATION: It is recommended that the Board of Trustees approve Amendment #1 to Contract Services Agreement and Change Order #1 to Purchase Order #002183, with Kleinfelder for the contract term January 22, 2010, through and including January 21, 2011. Services are for the provision of special inspection, materials and testing services related to the installation of photovoltaic systems at the six listed high schools and other related services as needed. Contractor will also provide Geotechnical Observation and consultation during construction of solar panels drilled pier foundations at the six listed high schools and other related services as needed.

East Side Union High School District (ESUHSD) is requesting authorization from the Board of Trustees to enter into a Work Authorization Agreement with Verde Design, Inc. for the term of April 16, 2010 through June 30, 2012, for the provision of Architectural Design Services for the James Lick High School Title IX Field Improvement Project.

Reason for the Purchase of Outside Services.
This project is the result of recent site priority evaluation pertaining to Title IX compliance, as was earlier identified in the Bond Program budget presentation. The project has been determined to be an immediate need, due to safety and equity concerns. Also clarified during the budget presentation is the understanding that the funding of this effort is available from the uncommitted campus allocation, and has been approved as a priority by the Principal, Glenn VanderZee.

One overriding consideration is to maintain the reliable level of design and construction results that have been realized across the District, including James Lick High School. Verde Design, Inc. has been retained for the majority of recent field and outdoor athletic facility work with the District.

Selection Process
Verde Design, Inc. has proven to be a qualified consultant and designer, specializing in field design work, and is the only A/E firm in the qualified pool specializing in athletic fields. ESUHSD has employed their services for several other field, scoreboard, and dugout projects. The project schedules and budgets have been adhered to, with satisfactory results. This project was developed quickly out of a recent Title IX compliance and safety concern, thus necessitating the selection of a known, qualified consultant.

RECOMMENDATION: This item is contingent on the approval of revised Measure E budget, presented as item 14.03. It is recommended that the Board of Trustees enter into a Work Authorization Agreement with Verde Design, Inc. for the term of April 16, 2010, through June 30, 2012, for the provision of architectural design services for the James Lick High School Title IX Field Improvement Project.

3. Facilities Management Planning and Operations, Inc.

East Side Union High School District (ESUHSD) is requesting authorization from the Board of Trustees to enter into a Contract for Construction Management Services for Facilities Management Planning and Operations, Inc. for the Calero High School Modernization Project. This approval is contingent upon the Board authorizing Facilities to move forward with the Calero project as defined in item 10.01.

Reason for the Purchase of Outside Services.
N/A

Selection Process
The District completed a formal Request for Qualifications (RFQ), RFQ-02-08-09, which went to the Board for approval of the recommended “Measure E & G Pre-Approved Construction Management Firms (CM) List” on March 10, 2009. With this list in place, the District then requests from all four of the pre-approved firms to submit a “Construction Management Selection Questionnaire (CMSQ)” which will include the cost and project team being proposed. In this case, back on June 9, 2009, Facilities requested CMSQ from three of the four firms. At that time Facilities Management Planning and Operations, Inc. was selected to be recommended to the Board for approval. However, at that time and at subsequent meetings this project was removed from the Board agenda.

For this Board meeting, purchasing requested that new proposals be obtained due to the age of the old proposals and the fact that the hard cost had increased significantly which would affect the cost proposals previously submitted. Facilities was able to secure two new proposals but the third vendor was not able to provide a new proposal “given the time frame in which it is required”.

RECOMMENDATION: It is recommended that the Board of Trustees enter into an Agreement with Facilities Management Planning and Operations, Inc., for the Term April 16, 2010 through and including April 15, 2013, for the Provision of Construction Management Services for the Calero High School Modernization Project contingent upon the Board authorizing Facilities to move forward with the Calero Project as defined in item 10.01.

4. Sugimura Finney Architects

East Side Union High School District (ESUHSD) is requesting authorization from the Board of Trustees to enter into a Work Authorization Agreement for Architectural Design Services with Sugimura Finney Architects for the Calero High School Modernization Project. This approval is contingent upon the Board authorizing Facilities to move forward with the Calero Project as defined in item 10.01.

Reason for the Purchase of Outside Services.
N/A

Selection Process
The District completed a formal Request for Qualifications (RFQ), RFQ-03-07-08, which went to the Board for approval of the recommended pool of District Architects on June 19, 2008. With this list in place, the District requested three Architectural firms to provide an "Architect Selection Questionnaire (ASQ)" which includes a cost and project team proposal.

In this case, back on June 9, 2009, Facilities requested ASQ's from three firms. At that time Sugimura Finney Architects was selected to be recommended to the Board for approval. However, at that time and at subsequent meetings this project was removed from the Board agenda.
For this Board meeting, Purchasing Department requested that new proposals be obtained due to the age of the old proposals and the fact that the hard cost had increased significantly which would affect the cost proposals previously submitted. New proposals were obtained and Sugimura Finney Architects is still the recommended Architect based on the new proposals obtained.

RECOMMENDATION: It is recommended that the Board of Trustees enter into a Work Authorization Agreement for Architectural Design Services with Sugimura Finney Architects for the Calero High School Modernization Project for the term of April 16, 2010, through and including April 15, 2013. This approval is contingent upon the Board authorizing Facilities to move forward with the Calero Project as defined in item 10.01.

5. Pine Hill School

<table>

<td></td>
<td>Tuition</td>
<td>Special Services</td>
</tr>
</tbody>
</table>

The District is requesting authorization from the Board of Trustees to issue Amendment #1 to Contract Services Agreement and Change Order #1 to Purchase Order #001057, with Pine Hill School for the contract term July 1, 2009, through and including June 30, 2010. Services are for the provision of Special Education Services to East Side Union High School District special education students per their IEP requirements.

Reason for the Purchase of Outside Services.
The original Contract Services Agreements were approved by the Board of Trustees at the August 20, 2009 Board meeting in the amount of $205,659.20. The original Contracts were based on a specific number of students who had already been placed at Pine Hill School. However, since that time, the number of students referred and placed at Pine Hill School has increased and the funding needs to increase in order to pay for the services to be provided to these additional students.

Selection Process
No solicitation process has taken place either at the initiation of this contract nor at this time. Students are referred and placed to alternative schools based on IEP hearings. ESUHSD is required to pay the school portion of the placement. Therefore, no solicitation process can take place for these types of placements.

RECOMMENDATION: It is recommended that the Board of Trustees approve Amendment #1 to Contract Services Agreement and Change Order #1 to Purchase Order #001057, with Pine Hill School for the contract term July 1, 2009, through and including June 30, 2010. Services are for the provision of Special Education Services to East Side Union High School District special education students per their IEP requirements.
