Speaker:
• Bob Nuñez

Statement by Member Biehl for the record:
For clarification for the record, as I recall from the previous meeting, this was a clarification of perhaps a lack of records of portables that were back in the 1980's. It wasn't necessarily that they weren't sure there had ever been - there was no clear record currently available that there had been Board action. That didn't mean that there hadn't been Board action, but it meant that in order to make sure that it was clear in the record, that it would be appropriate to take the action. I don't see the relation between that and this. I do think it is reasonable to request a listing of all the portables and the current status of those portables as to whether they are leased or purchased in the district.

It was requested that a discussion on the portables be placed for discussion on the agenda at a future Board meeting.

Motion by Member Biehl, second by Vice President Nguyen, to approve the purchase of twelve relocatable classrooms from Williams Scotsman for Evergreen Valley High School.

*Patricia Martinez-Roach, Clerk*

I just wanted to thank the Latino Parent Coalition for an amazing ceremony that they had last Friday. I know that they have been very strong and focused on what they want and they want student achievement and parent involvement. I congratulate them because they have done an amazing job. My congratulations to the new President.

*Frank Biehl, Member*

I had a great trip on the Cortese Sacramento field trip on Monday. We had 33 students from the East Side, about 18-19 parents/chaperones went on the trip. We spoke to over a dozen Legislators and the Superintendent of Public Instruction and a lobbyist representative from CTA. It was a good meeting. It was a good experience for the students and everyone else that was there. Bob was there as well with us. I've got some ideas on how we can make it better next year. We had a dozen students last year and 33 this year and think we can increase that next year.

This weekend I will be at the California School Boards Association Delegate Assembly. One of the most important items that will be discussed is the historic lawsuit, which has just been filed today dealing with a California constitutional to the funding of education. It is basically saying that the way education is funded within the State is unequal, is unfair, and this is a lawsuit that is designed to bring that to the forefront to, hopefully, eventually bring about a negotiation with the State in settlement, but if not, it certainly is a hint to bring about a change to the way education is funded in this State because there is a fundamental belief that it is not meeting the State constitutional requirement that we have a free and equal education for all of our students. I am very pleased that has moved forward. I will bring back a report to the next meeting as to more details on that.

*MetroED:*

The surprise is that Campbell's attorney sent out a forceful and unsupported letter to our attorney. We responded in kind with something that I thought was rather thoughtful that basically said that we are moving forward on these issues as we are going to settle these issues with Campbell's withdrawal from MetroED's Adult Education Program. It was pointed out that, in fact, Campbell had withdrawn from this Program once before, as well as our district did. At that time, they gave a one-year notice and most of the difficulties at this point are because Campbell failed to give a one-year notice. We didn't insist upon that. We decided it wasn't worth the fight to insist that they have to give a one-year notice, but we are trying to do whatever is possible to accommodate a successful transition. There's a particular set of money that has -- a grant that was granted to MetroED over the years where they have a fiduciary responsibility for it and I can't remember the name exactly right now, but I will get you that detail. Campbell has suggested that MetroED should just take a portion of that money that's in the proportion of the number of students that were attending from Campbell during that time and just hand it over to them. MetroED has received an opinion from the State Department of Education that says we cannot do that and that is one of the sticking points right now. There's some legal issues that are going on now, but basically, my sense is it is winding down. I think that by July 1 we will have about everything taken care of in terms of that transition.
(A suggestion was made by the Board to put MetroED on a future Board meeting agenda for discussion and that Paul Hay be invited to the meeting.)

**Eddie Garcia, President**
I want to echo Clerk Martinez-Roach's comments about the Latino Parent Coalition event. It was outstanding. I was here yesterday for the Migrant Ed event. Outstanding!

All the troubles and tribulations of doing what we all do everyday is all worthwhile when we see this. It really is.

I want to thank everyone out there, colleagues, teachers, staff, administrators, everyone who works on behalf of our students. Thank you on behalf of the Board. We really appreciate it. As I mentioned earlier, I went to Andrew Hill High School for Classified Employees Week and met a charming person. Mrs. Munroe who is a kick, which is the best way to describe it, is fun.

17.02  Dan Moser, Interim Superintendent

Two items, the first is that at the last Board Meeting, the Board asked that Cabinet consider a 3% reduction as part of their salary and, mutual agreement, the Cabinet will provide the 3% reduction in their salary.

Second item, I would like to congratulate the awardees from the Kiwanis Turn-Around Scholarship Luncheon that was held yesterday. The staff was there from various schools to support the students and, as always, it is quite an event that I call truly tear jerking. Congratulations to the students!

18.  **REPORT CLOSED SESSION ACTION(S)**

Attorney will report on closed session action item(s).

See section 2.0 for reporting out of Closed Session items.

19.  **ADJOURNMENT**

President adjourns the meeting.

President Garcia adjourned the meeting at 10:00 p.m.

Respectfully submitted,

|   |   |   |   | Change Order #01 is issued to provide time and material services related to the processing of funding applications to the State Allocation Board (SAB) for Measure G & E Project Development & Funding for the balance of this fiscal year.

Increase PO #001291 by $33, this change plus the original amount of $33,000.00, plus $4,921.85 for a new PO total of $70,921.85 (only $66,000 will be spent with the contractor). Both the original $33,000 and the added $33,000 does include 10% for expenses. Note. The $4,721.85 is strictly an accounting error and will not be paid to the consultant. QSS does not allow for the removal of any amounts that are made in error.

No solicitation efforts are required for this transaction as they were made with the original approval of this consultant.
