Statements for the record:

Frank Biehl, Board Member

For the record, I want to say (to Board Clerk Martinez-Roach) that some of the questions that you ask are done for political purposes and they serve no particular purpose for moving the Board forward. That you waste an incredible amount of time doing that and, out of the courtesy to the other members of the Board, you can simply contact the administration in advance. That is what I do and that is what I believe other members of the Board do. I don’t think it is appropriate for you to make any reference to one’s particular employment. I am not making that reference. I am just suggesting that a lot of time could be saved if you would take these questions, put them in an e-mail and send them to the administration. If
you are unsatisfied with the answers, then, by all means, bring them up for everyone else to view, but it gets late and it takes a lot of time.

I’d like to make a comment on abstaining because we all get elected to vote on these issues and to abstain is basically to not take the responsibility of being elected to the office seriously.

Patricia Martinez-Roach, Board Clerk
There have been people in the audience at the last probably three to four Board meetings who have come to watch Mr. Biehl verbally and disrespectfully attack me. There, it is on the record.

12.04 Approve Change Orders to Purchase Orders Presented November 18, 2010 – Jerry Kurr, Associate Superintendent of Administration and Business Services

17. BOARD OF TRUSTEES/SUPERINTENDENT COMMUNICATIONS/COMMENTS

17.01 Board of Trustees

Patricia Martinez-Roach, Board Clerk

Van Le is in the audience. Welcome to the District. Congratulations! I want to say thank you to all the candidates who ran in the campaign. I know that it is hard to run a campaign.
Frank Biehl, Board Member  

MetroED:  

MetroED is in the process of doing its Superintendent’s evaluation. It is going well. They have a very good system for doing that. Otherwise, things are going well there.

J. Manuel Herrera, Board Member

Mr. Kurr mentioned earlier the E-Rate, which covers a significant portion of our yearly cost for AT&T. I think the Board needs an update on that because if you take into account this year and last year, we are due $2 million. I am not aware that we have that. The Board needs to understand what is going on with E-Rate. We are in the middle of implementing a complex upgrade that the Board authorized. I am concerned that this be managed in a way that is gives us what we bought and not find out afterwards somehow the complexity of this thing has been fumbled and we find out after the fact. I think we need a report. This is an area with fiscal implications and service implications. It is huge and we have not heard what has been going on there. Administration needs to give a report that covers E-Rate, implementation of the upgrade, issues that are outstanding or arising.

Another comment has to do with students reps on the Board. There are different students at every meeting. I want to use student time better and Board time better. I think we ought to give more direction with content and time for what they do bring forward in these meetings.

One final comment, I have been here on the Board for a long time and I have seen agendas evolve. This segmenting of issues that puts it according to departments so that no matter how critical or timely an issue is, if it is in the Business Services Department it has to wait after Human Services, Instructional Services and Board of Trustees. We ought to have a segment on the Board agenda format that says priority items for discussion and/or action. Whatever department they come from, that’s where that is where we place it – the first part of the Board meeting. That would be the criticalness of the issue, the reasonable anticipation of community interest, people to speak on it and other criteria, but put it right at the top priority items for discussion and/or action and then all the other ones that are not as critical or as priority for that meeting, they can be spread out according to departments in the way that the format currently does. It is just a suggestion for consideration of the Board.

17.02 Dan Moser, Interim Superintendent

I would like to compliment the Andrew Hill Army ROTC. They had a battalion formation where the entire groups of cadets were in formation – in excess of 200 youngsters. They were there to acknowledge the four cadets that traveled back east and competed in academic competition and, in their words, were victorious. They had presentation and commendations letters from Congressman Honda’s office. It was a very nice event and uplifting for the youngsters.

The second comment is to thank the Board for the opportunity to serve you for another year and a half. I am looking forward to that.
18. **Report Closed Session Action(s)**

Attorney will report on Closed Session action item(s).

*See section 2.0 for reporting out of Closed Session items.*

19. **Adjournment**

President adjourns the meeting.

*Vice President Nguyen adjourned the meeting at 10:50 p.m.*

Respectfully submitted,

East Side Union High School District (ESUHSD) Administration is requesting authorization from the Board of Trustees to approve a Contract Services Agreement with Extreme Learning for the contract term November 19, 2010 through and including May 31, 2011 for the provision of supplemental educational Services to Title I Students at Program Improvement Year 2+ Schools and to delegate authority to the Interim Superintendent/Superintendent or designee to amend the term and/or funding of said contract as needed during the term of the Agreement. Educational services shall be consistent with the students Individual Education Program (IEP) plan.

Supplemental educational services (SES) are additional academic instruction designed to increase the academic achievement of students in schools in the second year of improvement, corrective action, or restructuring. These services, which are in addition to instruction provided during the school day, may include academic assistance such as tutoring, remediation and other supplemental academic enrichment services that are consistent with the content and instruction used by the local educational agency (LEA) and are aligned with the State’s academic content and achievement standards. SES must be high quality, research-based, and specifically designed to increase student academic achievement [Section 1116(e)(12)(C); 34 §C.F.R. 200.45(a)].

Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), as reauthorized by the No Child Left Behind Act of 2001 (NCLB), calls for parents of eligible students attending Title I schools that have not made adequate yearly progress (AYP) in increasing student academic achievement for three years to be provided with opportunities and choices to help ensure that their children achieve at high levels. SES provides extra academic assistance for eligible children. Students from low-income families who are attending Title I schools that are in their second year of school improvement (i.e., have not made AYP for three years), in corrective action, or in restructuring status are eligible to receive these services.

ESUHSD is required to spend 20 percent of our Title I, Part A allocation on SES services, choice-related transportation, or a combination of both.

Selection Process
Our district follows the Department of Education’s Guidance to publicize SES services to parents in multiple languages, contact and invite State-approved SES providers to complete the required contract and insurance paper work, and schedule recruitment fairs at all eligible school sites (Andrew Hill, Independence, James Lick, Oak Grove, and WC Overfelt) at which parents can interview and choose the SES provider they feel best meets their child’s academic needs.

Since 20% of our district’s Title I is not sufficient to fund SES services for all eligible Title I students, school sites have the option (as per DOE guidelines) to target students who have been identified as failing or most at risk of failing to meet the State’s challenging academic content and students academic achievement standards.

Once parents choose an SES provider for their child, our district contracts with said provider on an hourly basis up to the maximum per-pupil expenditure allowed by the State (both the SES hourly rate range and the per-pupil amount for 2010-11 is regulated by the State).
Invitations were sent out to all State approved providers and six (6) choose to attend the fairs at the school sites.

**RECOMMENDATION**
It is recommended that the Board of Trustees approve a Contract Services Agreement with Extreme Learning for the contract term November 19, 2010 through and including May 31, 2011 for the provision of Supplemental Educational Services to Title I Students at Program Improvement Year 2+ Schools and to delegate authority to the Interim Superintendent/Superintendent or designee to amend the term and/or funding of said contract as needed during the term of the Agreement.

East Side Union High School District (ESUHSD) Administration is requesting authorization from the Board of Trustees to enter into a Contract Services Agreement with Leader Services, LDP Inc. for the purchase of Medi-Cal Administrative Activities (MAA) claim services to ESUHSD at a maximum cost of $500 per participant. This fee will not exceed 9% of all MAA recovered funds.

**Selection Process**
No solicitation took place for this service at this time. This will be competitively bid in the upcoming spring for the subsequent school year.

**RECOMMENDATION**
It is recommended that the Board of Trustees approve a Contract Services Agreement with Leader Services, LDP Inc. for the purchase of Medi-Cal Administrative Activities (MAA) claim services to ESUHSD at a maximum cost of $500 per participant for the term of July 1, 2010 through and including June 30, 2011 and to delegate authority to the Interim Superintendent/Superintendent or designee to amend said contract as needed.

East Side Union High School District (ESUHSD) Administration is requesting authorization from the Board of Trustees to approve a Contract Services Agreement with Richard Gonzalez & Associates, Inc. (RGA) for the contract term December 1, 2010 through and including November 30, 2013 for the provision of Facilities Planning Services for measure G & E and coordinate services with OPSC and other governmental agencies in the amount of $714,951.60 which includes 10% allocation for reimbursable expenses ($64,995.60).

Selection Process
Facilities contacted four (4) firms to respond to a request for pricing; HMC, WLC, School Advisors and RGA. Only two (2) firms responded by the due date. The proposals were evaluated based on the firms’ ability to provide the services required specific to ESUHSD and the submitted price proposal.

RECOMMENDATION
It is recommended that the Board of Trustees approve a Contract Services Agreement with Richard Gonzalez & Associates, Inc. (RGA) for the contract term December 1, 2010 through and including November 30, 2013 for the provision of Facilities Planning Services for measure G & E and coordinate services with OPSC and other governmental agencies in the amount of $714,951.60.

East Side Union High School District (ESUHSD) Administration is requesting authorization from the Board of Trustees to issued Change Order #2 to Purchase Order #000657 with SafeTrans Transportation, Inc. for the provision of Transportation Services for ESUHSD’s Special Education Students.
At the June 22, 2010 board meeting the Board approved ESUHSD Administration to extend the purchase order through September 30, 2010 and to increase the purchase order by $276,474.31 so that the Transportation Department could get the new buses and drivers certified. That has taken place but the need has increased. There are currently 64 routes needed to transport 543 ESUHSD special education students to and from 38 schools. The district maintains 43 special education pupil buses, two passenger vans and 3 cars. There are 38 ESUHSD certified school bus drivers, seven certified substitute drivers and five van drivers that transport students. The district does not have the equipment or drivers to cover 17 routes making it necessary to contract services.

The total purchase order amount if the Board of Trustee approves this change order will be as $1,128,998.94 (Original purchase order $445,444.63 + change order #1 $276,474.31 + change order #2 $407,080.00)

Selection Process
The selection process was completed by previous leadership and was intended to go out to bid this last summer 2010. However, due to other priorities the bidding was not able to take place at this time. It is the intention of the ESUHSD to do a formal solicitation process prior to coming back to the Board for further approvals for this service.

RECOMMENDATION
It is recommended that the Board of Trustees approve Change Order #2 to Purchase Order #000657 with SafeTrans Transportation, Inc. for the provision of Transportation Services for ESUHSD’s Special Education Students.
