Vote: 3/1, Clerk Martinez-Roach voting No; President Garcia absent

Patricia Martinez-Roach, Board Clerk
For the record: I am voting no because I feel the public has not been properly informed and duly noted, except for tonight.
Frank Biehl, Board Member
For the record: “The public has been duly noted. That is why we have it on the agenda tonight. This has been ongoing for more than two years. A major study was done about the potential of trading property. It is all duly noted and reported out at a public meeting. Member Roach was not a member of the Board at that time. So she may not have had the opportunity to experience that. There is no effort here to hide anything from the public and, in the end, any agreement that we are able to come to will come before the public and will be duly noted. I will pledge that will happen.”

Patricia Martinez-Roach, Board Clerk
For the record: I would also like to have it on the record that it did happen two years ago and the market has changed drastically – for the worse.

East Side Union High School District (ESUHSD) Administration is requesting authorization from the Board of Trustees to enter into a Contract Services Agreement with Pine Hill School for the provision of Non-Public School (NPS) services for special education students and to delegate authority to the Interim Superintendent/Superintendent or designee to amend the term and/or funding of said contract as needed during the term of the Agreement. Educational services shall be consistent with the master contract and specified services per the students Individual Education Program (IEP) plan.

Due to the specialized educational services required to appropriately serve students who present with severe, unique emotional and/or developmental disabilities including mental retardation, autistic spectrum disorder, mood, disruptive behavior, anxiety and psychotic disorders residing in the ESUHSD, Pine Hill is a NPS offering such services that meet the widely, varying needs of this unique group of students.
**Selection Process**
There was no competitive solicitation done for this type of service. There is a determination made by the IEP team that ESUHSD is not currently able to meet particular students' educational needs. Recommendations are then presented at the students' IEP meeting. Referrals to Pine Hill School were made at the students' IEP meeting by a District Program Specialist after consultation with the District's Special Services Coordinator.

Pine Hill School is a NPS that offers specialized educational services for this unique group of ESUHSD students. The vendor pool for these specialized services is very small especially locally.

**RECOMMENDATION**

It is recommended that the Board of Trustees approve a Contract Services Agreement with Pine Hill School for the contract term July 1, 2010 through and including June 30, 2011 for the provision of Non-Public School Services for Special Education Students and to delegate authority to the Interim Superintendent/Superintendent or designee to amend said contract as needed.
