16.01 Board of Trustees

Van Le, Board Clerk
During the summer, I visited the Jose Valdes Institute. I met with Julio Pardo. It is a good summer program. I am impressed with the teacher and volunteer working in the program.

Frank Biehl, Board Vice President

MetroED: There is a lot of classroom renovation going on at MetroED. Last year, they completed the section of the sustainable building section and they combined electric, plumbing and solar all into one building. It turned out really nice. They have some solar on the roof that the kids can go up to and do some work on. They are currently working on the health section, which combines veterinary doctor’s assistants, dental assistants; all of that into one area. The next project, next year, will be the legal, fire and police services, which actually includes building a mock courtroom. They are very excited about that.

They have been able to continue to move renovation along over there. That’s very important in career tech. They are very well organized. They have also adjusted well to the changes that were caused by San Jose Unified reducing the number of students and amount of money they were going to spend on adult education. All that renovation has been completed, as well.

I am glad to be back! It was a good summer. I am looking forward to starting site visits at the schools probably in late September / early October.

Lan Nguyen

About more than a year ago, the Board had a Saturday work session where the Superintendent and staff presented to the Board updates as far as where the District is with instruction. The Principals also participated.

To me, that was one of the most helpful information and effective work session that the Board participated in, but that was more than a year ago. I think it is time… It is overdue for the Board to have another one where not only the Board will receive an update, but the Superintendent and staff present where we are with instruction and also the Academic Master Plan. We have not had a presentation on that for some time. I think that if the Board and Superintendent agree to a similar work session sometime in mid October or early November, that would be good. That would get the Board up to speed. I think it would be beneficial for all of us.

Patricia Martinez-Roach, Board Member

Last night the Superintendent and I had a very productive meeting at Yerba Buena High School with the Latino parents that attended. Unfortunately, we only had three schools represented and over 3,000 messages went out. It was a nice turnout. We had parents from
Oak Grove, James Lick and Yerba Buena High School. Thank you to the Principal for hosting us. It was a very good meeting. We had three topics. One of them had to do with the parent handbook. We discussed the grading policy, the uniform dress code policy and the use of electronics. It was a very productive meeting. We did an information survey of the parents asking them if they feel safe on campus, what issues were more important to them. It was quite shocking that, almost unanimously, the ones that returned the survey, about 20, it was about drugs, gangs, and sexual activity that the parents wanted to have further discussion about.

I wanted to bring back talk about the dress code policy so that we can revisit that issue. Parents are very interested in the dress code issue. Some of the parents brought up the issue about not being able to afford some of the clothing competition of some of the students. We need to send out a survey on the dress code issue.

**J. Manuel Herrera, Board Member**
Good to see folks! It’s been a nice long summer. I want to thank the Board again for having agreed to accommodate my travel schedule for a meeting Tuesday night.

**16.02 Dan Moser, Superintendent**

A reminder that our annual College Night will be September 19 at Independence High School. Typically, we have around 105 to 110 colleges and universities represented and we normally expect anywhere from 3,000+ students to be at that event. The doors open at 6 PM. Tomorrow, at about 11:15 AM, State Superintendent of Schools Torlakson will have a press announcement and that will be the official release of the API/AYP scores. It should have been done today, however, the State needed to make some last minute calculations/changes. East Side as a whole, as long as we’ve had AYP, made progress – approximately about 14 points. For API, 8 of the 11 schools exceeded their growth targets and that is very good for the District.

**17. REPORT CLOSED SESSION ACTION(S)**

Attorney will report on Closed Session action item(s).

See section 2.0 for reporting out of Closed Session items.

**18. ADJOURNMENT**

President adjourns the meeting.

President Nguyen adjourned the meeting at 9:10 p.m.

Respectfully submitted,

East Side Union High School District (ESUHSD) Administration is requesting authorization from the Board of Trustees to authorize the Medi-Cal Administrative Claiming Agreement with Leader Services, LDP Inc. for the provision of LEA (Local Education Agency) Medi-Cal billing funds recovery for the term of July 1, 2009 through and including June 30, 2012, and to delegate authority to the Superintendent or designee to amend said contract on an as needed basis, including funding.

Page 3 of 6
Contracts Over 50k
Board Mfg. 8/30/2011
The amounts listed are based on the actual billings for 2009/10 School Year (SY) totaling more than $2 million of which $179,965.00 is owed to Leader Services and an estimated $185,000.00 for each of the 2010-11 and 2011-12 SYs. The actual amounts for FY 2010-11 and FY 2011-12, cannot be known until after the claiming has been completed and the Federal Government has reconciled the claims.

The district is requesting retroactive approval because staff has been unable to determine if the original agreement which was signed by a district representative in 2008 was ever presented to the Governing Board for approval. In order to ensure compliance with Board policy, staff has requested and received a new agreement to cover the periods in question (ie. FY 2009-10 & FY 2010-11) and the current 2011-12 fiscal year.

There are no changes to the provision of services that are currently being provided to the ESUHSD (ie. training, consultations, toll free telephone support, monthly and quarterly reporting) or the fee (up to 9% of ESUHSD’s recovered Medi-Cal billing). The Agreement does include automatic renewal language for 5 addition years upon district approval.

**Selection Process**

No solicitation process took place for this contract at this time. Administration does intend to issue a Request for Proposals (RFP) during the 2011-12 school year.

**RECOMMENDATION**

It is recommended that the Board of Trustees approves a Contract Services Agreement with Leader Services, LDP Inc. for the provision of LEA Medi-Cal billing funds recovery for the term of July 1, 2009 through and including June 30, 2012 in an amount not-to-exceed $549,965.00 and to delegate authority to the Superintendent or designee to amend said contract on an as needed basis, including funding.

East Side Union High School District (ESUHSD) administration is requesting authorization from the Board of Trustees to renew the district’s Stop Loss Insurance Agreement Effective July 1, 2011.

Sun life Assurance Company has provided the district with stop loss insurance protection for over 10 years and has protected the district from large medical claims on any one individual. When an employee's (or dependent's) medical claims exceed a predetermined limit, the ESUHSD self-insured medical program (UAS) will be reimbursed for all eligible medical expenses that exceed the pre-determined medical limit. Without stop loss insurance, an unanticipated claim can become a true catastrophe for the ESUHSD. If the district’s self-insured medical program (UAS) did not have stop loss insurance, the district’s medical program would have incurred an additional cost of $2 million.

**Selection Process**
The self-insured medical program had several large medical claims last year and this year the ESUHSD anticipates that there may be more large claims. Based on the district’s claims history, the district’s broker indicated that it would not be advantageous for the district to go out for formal bid. The broker approached the market place regarding their willingness to quote and received no interest.

**RECOMMENDATION**
It is recommended that the Board of Trustees renew the contract for stop loss insurance to Sun Life Assurance Company for the contract period of July 1, 2011 through June 30, 2012.
