I would like to thank Karen and Marcus for spending time with me to go over the financial budget.

Last week, I received an invitation from Sherry Gilmore to Career Day at Silver Creek High School. That is a very good day where we interact with our students. Last week there was a seminar here that was organized by Councilmember Kansen Chu and the San Jose Police Department, IPA. It was a safety forum. It was a very good forum that is a safety program that is good for our students, staff and administration. Also, this morning I attended the ribbon cutting for James Lick High School’s Fire Service Center.

*Patricia Martinez-Roach, Board Member*
Congratulations to Overfelt! It was a lot of fun. Van and I went to the dance. We had a real nice time. It was wonderful to see old friends and old teachers.
J. Manuel Herrera, Board Member
The Overfelt 50th Anniversary was a great celebration!

I am going to be visiting the schools next week. I am looking forward to the opportunity to talk with site Principals and other school site staff and stakeholders. I think it is important to get an on the ground feel for the successes and challenges, especially in these times. Thank you to all the administrators who have responded to set up these times for my visiting the schools next week.

Len Nguyen
I had a chance to visit the Latino Role Model Conference at Overfelt High School. It was impressive to see the many Latino role models there who succeed in different careers and professions. It is also nice to see so many of our students' parents show how much they care about their children's education and future. I, myself, picked one of the workshops to attend and one of the presenters was Judge Hector Ramon, a graduate from Andrew Hill High School and who also went to Harvard Law School. He is someone that I would look up to if I went to law school. It was a very nice event and great to see so many students there and also so many successful Latino role models.

17.02 Dan Moser, Superintendent

As you look at your Board packet, when you go to the consent section under the personnel section, that you look at the thirty-five teachers who have moved from their probationary status to tenure. Congratulations to those thirty-five teachers!

East Side Union High School District (ESUHSD) is requesting authorization from the Board of Trustees to enter into a Contract Services Agreement with ATS Project Success for the contract term October 21, 2011 through and including May 25, 2011 for the provision of supplemental educational Services to Title I Students at Program Improvement Year 2+ Schools; Andrew Hill, James Lick, Oak Grove, W. C. Overfelt, Yerba Buena, and Independence High Schools.

Title I requires that the parents are to decide which Supplementary Educational Service (SES) providers they want for their children. Title I requires ESUHSD to use their State approved SES providers list to select the providers to be used at ESUHSD along with the help of the parents. These contracts are paid for out of Title I funds. Some of these providers are a 1 to 1, some are 5 to 1. The State allows home, off site, or onsite services.

SES services will be an ongoing element for our district, twice a year, as required by the State.

Selection Process
East Side Union High School District sent an e-mail invitation to a list of over thirty State-approved SES providers to attend a fair for parents/students at our school sites on various days throughout September 2011. Parents of Title I students at Andrew Hill, James Lick, Oak Grove, W. C. Overfelt, Yerba Buena, and Independence High Schools were then requested to select which one of the SES providers ESUHSD would offer contracts with to provide after school services for students in English/math/CAHSEE, etc.

At the fair there were a total of 13 companies who provide onsite after-school program and Extreme Learning was selected by the parents who attended.

RECOMMENDATION
It is recommended that the Board of Trustees approve a Contract Services Agreement with ATS Project Success for the contract term October 21, 2011 through and including May 25, 2011 for the provision of supplemental educational Services to Title I Students at Program Improvement Year 2+ Schools; Andrew Hill, James Lick, Oak Grove, W. C. Overfelt, Yerba Buena, and Independence High Schools.

Educational services shall be consistent with the master contract and specified services per the students Individual Education Program (IEP); and to delegate authority to the Superintendent or designee to amend said contract on an as needed basis, including funding.
Due to the specialized educational services required to appropriately serve students who present with severe, unique emotional and/or developmental disabilities including mental retardation, autistic spectrum disorder, mood, disruptive behavior, anxiety and psychotic disorders residing in the ESUHSD, AchieveKids is a (NPS offering such services that meet the widely, varying needs of this unique group of students.

Selection Process
There was no competitive solicitation done for this type of service. There is a determination made by the IEP team that ESUHSD is not currently able to meet particular students' educational needs. Recommendations are then presented at the students' IEP meeting. Referrals to AchieveKids were made at the students’ IEP meeting by a District Program Specialist after consultation with the District’s Special Services Coordinator.

AchieveKids is a NPS that offers specialized educational services for this unique group of ESUHSD students. The vendor pool for these specialized services is very small especially locally.

RECOMMENDATION
It is recommended that the Board of Trustees approve a Contract Services Agreement with Achieve Kids for the contract term September 1, 2011 through and including August 31, 2012 for Therapeutic Services in an estimated amount of $506,994.28, and to delegate authority to the Superintendent or designee to amend said contract on an as needed basis, including funding.

Educational services shall be consistent with the master contract and specified services per the students Individual Education Program (IEP); and to delegate authority to the Superintendent or designee to amend said contract on an as needed basis, including funding.

ESUHSD's relationship with this NPS goes back many years. In ESUHSD's attempts to offer services to a growing population of Emotionally Disturbed (ED) classified students, Beacon worked with the ESUHSD on first establishing the transitional ED classroom and then therapeutic classrooms on our comprehensive sites starting at Oak Grove High School and eventually expanding to Independence, Mt. Pleasant and Andrew Hill High Schools. Having this established relationship facilitates giving ED students the appropriate continuum of services both in the comprehensive setting and in the more restrictive off campus setting of an NPS.

Beacon is extremely proactive in returning students to the comprehensive campus when appropriate.

Selection Process
ESUHSD has single sourced this vendor based on the complexity of building a long term relationship that benefits both ESUHSD and the students.

It is recommended that the Board of Trustees approve an Agreement with Beacon School for the contract term September 1, 2011 through and including August 31, 2012 for the provision of Non-Public School Services for Special Education Students in an estimated amount of $585,728.00, and to delegate authority to the Superintendent or designee to amend said contract on an as needed basis, including funding.

East Side Union High School District (ESUHSD) Administration is requesting authorization from the Board of Trustees to approve an Agreement with the County of Santa Clara, Mental Health Department for the continued provision of mental health services required by the federal Individuals with Disabilities Education Act (IDEA) for the 2011-2012 School Year.
The California Legislature, through the Budget Act of 2011, shifted responsibility for IDEA-related mental health services to Local Educational Agencies, such as the District, for the 2011-2012 school year, and the Legislature and Governor have indicated their intent to permanently repeal AB3632.

The District along with the local SELPHAs have been working collaboratively to understand the ramifications of this transition of fiscal responsibility over to the District. However, it is very important that the ESUHSD Special Education Pupils continue to receive the services they need. Since these pupils were being seen by the County, the County has the resources to continue with those services, and the County can access other funding such as Medi-Cal, to help cover the costs. Administration is recommending awarding a one year contract to the County of Santa Clara without doing any solicitation process at this time.

**Selection Process**

See above.

**RECOMMENDATION**

It is recommended that the Board of Trustees approve an Agreement with the County of Santa Clara, Mental Health Department for the continued provision of mental health services required by the federal Individuals with Disabilities Education Act (IDEA) for the 2011-2012 School Year.

C. Overfelt, Yerba Buena, and Independence High Schools.

Title I requires that the parents are to decide which Supplementary Educational Service (SES) providers they want for their children. These contracts are paid for out of Title I funds. Some of these providers are a 1 to 1, some are 5 to 1. The State allows home, off site, or on site services.

East Side Union High School District (ESUHSD) is requesting authorization from the Board of Trustees to enter into a Contract Services Agreement with MAXIM Health Care Services, Inc. for the purchase of licensed vocational nursing services; and to delegate authority to the Superintendent or designee to amend said contract on an as needed basis, including funding.

Contractor will provide substitute services for 1:1 IEP Para-Educators in the case of their absences. These services are proved to ESUHSD's medically fragile students who have a variety of medical conditions that warrant this service.

Selection Process
There was no competitive solicitation done this year as last year the District contacted a few nursing agencies to request a quote to provide the 1:1 service for this student. None of the vendors contacted were able to provide the District with this type of service. Finally the District was able to receive a quote from a vendor, "Care at Home" to do this work however, at the same time the District had contacted the Director of Nurses for the Santa Clara County Office of Education (SCCOE) to see if she had any vendor recommendations. SCCOE provided us with the name of the vendor SCCOE currently has a contract to provide comparable services: Maxim.

Maxim and "Care at Home" agency offered services at the same rate. Ultimately, Maxim was chosen do to their ready availability of staff to provide this specialized service that was needed by the District.

RECOMMENDATION
