11.02 Discussion and/or Action regarding Employment Contract for Associate Superintendent of Business Services - Chris D. Funk, Superintendent

Per Legal Counsel:
In paragraph 2 "Compensation," previously the contracts provided that the contract administrators would receive all COLA increases that were granted to all other certificated management, but because of the experience over the last several years and no COLA increases being granted, the language has been changed to provide that the Associate Superintendents base salary will be increased prospectively by the same percentage salary increase that may be granted by the Board to certificated management personnel in any given school year. It will no longer be restricted specifically to COLA.

Motion by Vice President Le, second by Member Nguyen, to approve a three-year employment contract, beginning July 1, 2014, and that compensation language be included
in the contract that is subject to the salary schedule approved in agenda item 11.01 for the
Associate Superintendent of Business Services. Material changes are the terms of the
agreement and a positive work year (paragraph 7), which defines a specific number of
workdays, for the Associate Superintendent of Business Services. There will be no accrued
vacation days during the work year, which will result in no vacation buy out or accrued
liability in vacation days by the District.

I know that everyone will continue to work through the summer, but I just wanted to wish everyone a wonderful next couple of months. I hope that everybody gets a little time to take care of themselves and spend it with their loved ones. I say that because I will be taking the month of July off. I have not done that in years to reconnect with my children. You can reach me by text or by e-mail, but please forgive me if I take a while to get back to you. I am going to disconnect during the month of July, but I can always still be reached.

Frank Biehl, Board Member
My sincere thanks for all the work the administration has put into the LCAP. This is the first time that our District, as well as the State, has dealt with this issue. I just think it is only natural there will be tension as we go through this and I appreciate their willingness to meet with affected parties and continue to be open to evolving community input. I do know we have to make a decision and move forward, but it is going to be a plan that is going to be revised as we move forward with it and we evaluate it. My thanks for the efforts. I am looking forward to seeing the write-up from Mr. Fensterwald to see how he reports on our actions. We are actually doing very, very well, but there’s always a little tension sometimes. One of the roles of Board Members is to sort of be the lubrication between the administration and the community when issues come up and our job is to make sure that everything is heard and is moved forward and I think the administration has been listening. I look forward to our discussion in August.

East Side Union High School District (ESUHSD) Administration is requesting that the Board approve Amendment No. 01 and Change Order #1 to Purchase Orders #201941 and 201942 to change the delivery method to a multiple prime hard bid for the Oak Grove High School Modernization of Buildings U & I Projects (E-050-005 & E-050-006).

On October 20, 2011, the Board of Trustees approved a construction services contract agreement for the Oak Grove High School Modernize Building U and Building I/Theater.

Staff has now added project scope of work, increased construction duration and has the desire to use the multiple prime delivery method. Due to combining two separate projects into one project and using the multiple prime delivery method, Kitchell CEM must not only provide a Project Manager, but also provide a Project Engineer, and Superintendent. This amendment and change order reflects the management to perform the increased scope. Administration analyzed the merits of single prime versus multiple prime delivery for this project, and recommend choosing multiple prime for the following reasons:

- Better schedule management and control
- Better quality assurance of trades contractors (through project-specific supplemental qualification)
- Anticipate cost savings of several hundred thousand dollars as compared to single prime (even after taking into account the increased CM fee)

Kitchell CEM will increase staffing in order to manage multiple prime contractors, develop and maintain the construction schedule, and take responsibility for the construction site. The fee increase associated with these additional tasks are $613,176.00.

| Original Contracts Amount | $203,334.30 |
| Change Order #1 (Change delivery method) | $613,176.00 |
| Revised Contract Amount | $816,510.30 |

RECOMMENDATION
It is recommended that the Board of Trustees approve Amendment No. 01 and Change Order #1 to Purchase Order #201941 and 201942 and issue a new purchase order with Kitchell CEM for the Oak Grove High School Building Modernization of Buildings U & I Projects (E-050-005 & E-050-006) in the increased amount not to exceed $613,176.00.

East Side Union High School District (ESUHSD) is requesting authorization from the Board of Trustees to purchase outright the twenty-four (24) relocatable classrooms at Oak Grove High School that have previously been contracted on a month-to-month rental agreement.

The cost to rent the units is approximately $113,472 annually. In the past, the District elected not to purchase the buildings because the buildings were intended as interim housing, and it was not prudent to include the classrooms in permanent facilities inventory in order to maximize eligibility for State Facilities Program funding for new construction. With the passage of the Measure I Bond and an associated potential need for continued interim housing, projected other future needs for classrooms, and indications that lawmakers are planning to make changes to the State Facilities Program that include re-base lining facilities inventory, it is now in the District’s best interest to purchase the buildings.

**Selection Process**

**RECOMMENDATION**

It is recommended that the Board of Trustees authorize item for staff to enter into a purchase agreement for twenty-four (24) relocatable classrooms at Oak Grove High School with Williams Scotsman for an amount not to exceed $438,985.44.
