11.01 Pending Board Vacancy: Process for Appointment and Provisional Appointment to the Governing Board - J. Manuel Herrera, Board President

Public speaker:
- Marisa Hanson

**Rogelio Ruiz, Legal Counsel**

*Board Member Magdalena Carrasco has submitted her formal letter of resignation as Board Member of East Side Union High School District, effective December 31, 2014, at 11:59 PM.*
The resignation allows the Board the ability to begin the process of discussing the process for appointment and provisional appointment to the ESUHSD Governing Board to fill the seat to be vacated by Board Member Carrasco, a remaining two-year term.

Board ByLaw 9223 sets for the process for a provisional appointment in the event of a vacancy. Since Member Carrasco’s resignation is occurring more than 4 months before an election, the Board has the option of either calling an election or filling the seat with a provisional appointment until the next election. The Board ByLaw is quite detailed and explains the process if the Board decides to make a provisional appointment.

In terms of a provisional appointment, once Member Carrasco submits her letter of resignation with the deferred effective date of December 31, 2014, at 11:59 PM, as a matter of law, if the Board is going to move forward with the provisional appointment process, it will have to make the provisional appointment within 60 days after that date. If the Board does not make the provisional appointment, then automatically, the County Superintendent of Schools will have to call an election for someone to fill the seat. The Board will have to make the provisional appointment within 60 days after the effective date of Member Carrasco’s resignation. If no action is taken by the Board, then the power to call the election transfers to the County Superintendent of Schools.

ByLaw 9923 states that in order to draw from the largest pool of candidates the Board shall advertise in local media to solicit candidate applications and/or nominations. The Board, however, shall establish the timeline and rules for the selection of the provisional appointee. The Board shall approve the application and set of questions for all candidates to answer in writing. A committee consisting of less than the quorum of the Board shall ensure that the applicants are eligible for Board membership; announce the names of the eligible candidates; the qualifications are those set by law – meaning a resident of the State, 18 years old, and registered to vote. The applications of eligible candidates will be forwarded to all Board Members. At this point the Board may elect to appoint an advisory committee to, at a public meeting, review applications, interview candidates, and make recommendations to the Board, however, the Board is not restricted or bound by the Advisory Committee’s recommendation and may appoint any eligible candidates. The Board shall interview the candidates of its choosing from the list of eligible applicants at a public meeting and accept oral or public input and select the provisional appointee by a majority vote. If after three attempts, the Board is unable to reach a majority vote for one candidate, the Board may agree to determine the provisional appointment by lot.

23. Board of Trustees/Superintendent Communications/Comments

23.01 Board of Trustees

**J. Manuel Herrera, Board President**

I also want to acknowledge Anthony Phan who ran a remarkable campaign. People don’t realize just want it takes to put it together. He gave us all a run for our money. It had us worried early in the evening and stayed right up there as the count proceeded. Anthony, congratulations to you, your team and supporters. We acknowledge you.

I am grateful for the support received in this election. I was concerned. You never know, but as the night went on, I started to smile. I feel grateful and humbled by the support. Here I go, another 4 years. I never thought I would be doing this when I started in 1990. The editorial endorsing the incumbents said I was a 20 year veteran. They were off by 4 years. I am a 24 year veteran and going for another 4. So, who knows when that record will ever be broken as the longest serving member, but it is a privilege to serve the East Side Union High School District.

**Van Le, Board Vice President**

I want to thank everyone who voted and supported me. It was an amazing and challenging journey for me. I am honored to be on the Board and to have been reelected.

Thank you to the Principals and Associate Principals that supported me during my site visits. Also, I enjoyed attending homecoming at several of our sites.

**Magdalena Carrasco, Board Clerk**

I want to thank all our Trustees for winning their election. I also want to acknowledge Anthony Phan who is in the audience for running a good campaign. It is not easy being a candidate. It is not easy running a campaign. I want to congratulate you for your bravery, your courage, and your desire to represent the community. At the end of the day, we all do it because we have a desire to serve our community. So, I want to congratulate Anthony and your mother.

I also want to acknowledge, again, our students, parents, teachers, staff and employees who are here for all their hard work. I also want to, for the record, recognize today as a very historic day, as you know, today Obama made us proud by signing an executive order the extension and expansion of DACA. For 5 million of our undocumented residents, they will now be able to apply for a 2-year residential program that allows them to work and to come out of the shadows of society and fear of being persecuted or separated from their families. It is a historic moment for our communities, regardless of where you come from and where you live. It is a day that makes me proud to have our President do the right thing.

**Lan Nguyen, Board Member**

It was a long meeting, but it was a fruitful meeting. It is a tough situation we are in right now, but I believe the District and the teachers union will be able to come to an agreement where both sides are going to be able to agree on.

**Frank Biehl, Board Member**

I thank all of you for placing confidence in me to once again serve this Board. I welcome the challenge. It is always a challenge and a great group of people to work with.
I did attend the 50th Homecoming Anniversary at Mt. Pleasant High School. That's a community that has multiple generations that have gone to that school. It was a great celebration and a lot of fun to be able to watch it. One of my sons graduated from that high school as well.

I am setting up my visits to our high schools in December and hope to have that done by February, two or three a week. I have about 2-3 more schools to schedule.

<td>The Human Body Systems project is funded by the National Science Foundation, and takes advantage of prior WestEd research and development efforts to create three simulation-based lesson modules to be used during high school biology classes. These lesson modules provide students with immediate, customized, computer-generated feedback on questions and tasks, ranging from selected responses and constructed responses to manipulating simulations to test observations and predictions. In addition, students would complete a summative, end-of-module simulation-based assessment. To this end, WestEd wished to conduct field testing with teachers and students at schools in ESUHSD.</td>
