23. **BOARD OF TRUSTEES/SUPERINTENDENT COMMUNICATIONS/COMMENTS**

23.01 Board of Trustees

**Board President Lan Nguyen** (no comment made)

**Board Vice President Frank Biehl**

The comment I wanted to make tonight that I wasn’t able to make earlier is that I’ll take responsibility for the sign. I was intimately involved in the design of the sign. I wasn’t there when the photograph was taken. I’ve had two of my children who have gone through the schools of the East Side Union High School District. I guess I’ve gotten to the point where I just don’t see that anymore. I just don’t look at that. I just don’t look at, you know, all the races. That looks like a group of kids going to East Side high schools. On the other hand, the signs have been up for four years. On the other hand, and this is the first person who has ever said anything about it, but on the other hand, I can understand the point that was being made. I’m not so sure that it has to necessarily be a white male. It could be a white female. I think the appropriate response would be, “Thank you for your comment. When we redo the signs,” of which I am certain, I am sure, we will in the next year or two “we certainly will make sure that we are attentive to that issue.” I had the same thing happen with a campaign flyer four years ago. Somebody called me and said how come there aren’t any white kids in this picture. I was just taken aback. I said we’re doing lots of different flyers and they’ll be in other different flyers. I think it is important for this individual to know that a white male put the sign together.

**Board Clerk J. Manuel Herrera**

I have three comments I would like to make.

As most of you know, I had to undergo some necessary surgery about three weeks ago. I am really thankful that I feel well enough to be here. I am still in the midst of the full recovery period. It was meaningful to me because in my 26 years on the Board, I’ve never missed a meeting and I didn’t want this to be the first one that I missed. Thank you for that.

The second is the comment made by Julio Pardo; I thought well stated. We really need to understand the impact and performance of charter schools. Nothing in my way of looking at that, in my mind, undermines the commitment I had to our programs and what we can offer. I believe the challenge always has been and remains that we need to do better in taking our message to families and students for what we do offer rather than taking an oppositional stance to what has become a strong part of the educational program to local communities no less because the State legislators repaved a legal framework where charters can come forward and, if they meet certain conditions, they must be approved. If we don’t approve them, the County will. If the County doesn’t, the State will. They will always, if they meet certain conditions, be able to move their program forward. I think, with that realization, it is fair to ask how effective and to drill down a little bit more so that we understand the playing field and really again focus on taking our message to our kids and their families.

The third comment I have is regarding the gentleman who spoke about white males not being properly recognized. In my many years in public life, I have learned to distinguish between the message and the messenger. I was not comfortable with the messenger, but it’s not an invalid conversation to have. I would be completely comfortable, again distinguishing the messenger from the message, having the District thoughtfully consider how we can true the course or adjust the presentation. It can go too far because you’ll end up with 50 pictures in every photo because there is such diversity here. I think that the fundamental point that was being raised, distinguishing between the message and the messenger, has some validity.
Board Member Pattie Cortese
I’m happy to see our Principal, Kelly Daugherty here this evening. I went to an open house for our iMentor Program that is launching at James Lick in the next couple of weeks. I’m so proud of this community because this program came from New York just months ago not knowing a soul and we now have 700 applications in the pipeline to serve our students. I just think that it’s extraordinary. It speaks a lot to the efforts of the staff at James Lick to make this happen. It speaks a lot of the commitment of the iMentor staff. It speaks a lot of this community. I thank my Board colleagues and the Superintendent for supporting this because I think it does take a village when we all come together. We produce a great rich learning environment for our students.

Board Member Van Le
I’m glad that I have an intern from one of our students at East Side in my office; very proud of it. I am giving her the experience so she learns about the business point of view. What I’ve learned from talking to the student when I asked, “What would you not like or what would you like in your school?” She mentioned the dress code. I asked, “What kind of dress code did you want to mention?” She said that at the school she is attending as a senior, they allow the male students to wear shorts, but they do not allow it for female students. It really bothered me when I heard about it. I am not sure if you knew about this, but I wanted to bring this to the district. They should be treated equally, female and male students. I don’t know what kind of dress code we have at that school site, but we need to take a look at it. Maybe this is a small issue, but this is really the opinion from the student. I want to see if we can take a look beyond what we provided for our students academically; the environment makes them feel they will not be treated equally.

I want to wish Board Member Nguyen and Board Member Cortese good luck!

Our adopted rules of Parliamentary Procedure, Robert’s Rules, provide for a consent agenda listing several items for approval of the Board by a single motion. Most of the items listed under the consent agenda have gone through Board subcommittee review and recommendation. Documentation concerning these items has been provided to all Board members and the public in advance to assure an extensive and thorough review. Items may be removed from the consent agenda at the request of any board member.

Motion & Voting

It is recommended that the Board of Trustees ratify the projects contract(s) for professional services at or below $25,000 as recommended and authorize the Superintendent and/or designee to execute amendments to the Agreement that may be needed during the term, provided such amendments do not: (i) extend the term of the contract; (ii) increase the price of goods or services provided under the contract by the greater of ten percent (10%) of the contract amount (based on the original contract amount exclusive of any approved amendments in the aggregate); or (iii) alter the quality or quantity of services or goods provided under the Board-approved contract per Board Policy 3312.1.

Motion by Vice President Frank Biehl, second by Clerk J Manuel Herrera.
