11.04 Discussion and/or Action regarding Superintendent’s Employment Contract - Frank Biehl, Board President

Legal Counsel Rogelio Ruiz
At the last Board meeting, the Board announced that it had completed the Superintendent’s evaluation and he had achieved an overall satisfactory rating. That was announced in open session. The item before you is an amendment to his contract to reflect the impact of the overall satisfactory rating that being that his contract is extended for one year, from July 1, 2018, through June 30, 2019. This is a second amendment to his contract. The effective date of the second amendment that is in front of you is in section 1. It provides for the one-year extension of time through June 30, 2019. It also provides that if the Board determines that it shall not renew or extend the contract beyond June 30, 2019, then the Board will provide the Superintendent written notice of such determination not to renew or extend no later than November 30, 2018. The proposed amendment in front of you also deletes the provision in the Superintendent’s existing contract that provides for automatic increase to his base salary in the same amount as the Board may grant to certificated management. During the term of its extension period, if the Board grants a raise to certificated management, then it will not automatically result in a raise for the Superintendent. Section 2(c) is deleted in its entirety; 2(c) is the one I just went over. The last change is that his evaluation, his goals and objectives are changed, the amendment provides that the Superintendent and Board will meet within 120 days of June 30 each calendar year for the purpose of reviewing, amending and/or modifying the Superintendent’s goals and objectives under the contract. The change there is that the contract currently provides that the meeting takes place within 90 days of June 30; that period is extended by 30 days to 120 days. Those are the full effects of the amendment that is in front of you.

President Frank Biehl
I think this is very fair. We had a positive evaluation and the Superintendent reported that out previously. That resulted in the extension of his contract for one year. What we’ve done here is we’ve aligned the decision point for future one-year extensions of the contract to align with our evaluation period. The Superintendent used to get a one-year notice, now he receives a seven-months notice and he has also given up that one provision of the automatic raise. It doesn’t prohibit the Board from providing a raise to the Superintendent. It just has to be done openly in a public meeting. It just isn’t something that just happens automatically in the contract. It’s a decision that the Board would have to do with transparency.
Motion by President Frank Biehl, second by Vice President J. Manuel Herrera, to approve the Superintendent’s employment contract as written/presented.
