Military Recruitment at East Side Union High School District/Privacy Policy/Student Access – General Discussion

President Herrera requested the administration review this issue. Bring back an adoption and recommendations of any possible adaptation of policy and legal implications. President Herrera would like to know what kind of funds would be at risk. This could be a broader issue for public policy. The broader policy is to have protocols that are consistent; policies that are uniform consistent and fair.

Clerk Martinez-Roach is concerned students are not being informed of the “Opt Out Option.” This option was sent out at the beginning of the school year in the ESUHSD Student/Parent Handbook. Labels for the mailing were sent out by an outside agency. Clerk Martinez-Roach is concerned that students may have not been notified of their option. Clerk Martinez-Roach recommended “Opt Out Option” be published in all languages. “There is not one ounce of proof that funding is at risk,” said Clerk Martinez-Roach. “We want our students to be safe. We are looking for parental consent.” She asked the Board not to delay the “Opt Out Option” provision to extend the release date to give more people a chance to know we have this option.”

Board Member Nguyen would like clarification from Legal Counsel. We must make sure there are no conflicts with the No Child Left Behind Act. Conflicts could put Title I funding at risk. The district needs to establish a policy.

Rogelio M. Ruiz, Legal Counsel, will research the proposal and the impact it would have on special funding sources. General Counsel Ruiz feels fairly confident these ideas can be used to make a new policy.

Member Mann stated, “We need to get our students prepared to make these kinds of choices.” We should be very careful. Do nothing that will cause the district to be out of compliance in the law, federal, state or otherwise and do no harm to access to federal funding.

Vice President Shirakawa stated he is not convinced the Board needs to send a message. He would like the Board to focus on three things, give parents opportunity, cost recovery, and finally to understand what is going on in our community. We should make an appropriate policy in our district.

The Board will present a recommendation at a future meeting. The Board will seek advice of Legal Counsel, to ensure there are no
legal challenges in the law and will come up with a policy. The Board will find ways to informed students of this option. The Board will make and enforce a protocol and consistency for agencies are on campus. Board will present a policy that is uniform and fair and not favoring any particular agency. The Board is requesting a notice is sent to all parent, plus posting it in the district’s web site.

Clerk Martinez-Roach made a motion the Superintendent be directed to send out a modified vision with the legal requirements of the “Opt Out” provision and the information be in all the dominant languages. The notice will go on report cards.

Motion to approve by Clerk Martinez-Roach, second by Member Mann.
