I. Introduction

California enacted Prop 35 in 2000 and it requires a competitive selection process for hiring Construction Consultants. Accordingly, the Board of Trustees of the East Side Union High School District has determined that construction consultants, who wish to do business with the District, should submit statements of qualifications by participating in this request. The completed and successful Application will allow consultants the opportunity to enter into the District’s pool of consultants. In broad terms, a successful outcome of this process means that the District will consider Consultant’s qualifications when assessing the need for professional expertise on future projects. The District will provide a complete listing of qualified Consultants on its website at:

http://www.esuhsd.org/Community/District-Services/Bond-Purchasing/index.html

The East Side Union High School District (ESUHSD), established in 1950, serves over 24,000 students in grades 9-12 at 12 comprehensive high schools, five alternative education sites, seven child development centers and six independent charter schools. The District offers a robust career technical education program through its magnet programs, CA Academies, and an ROP JPA. The Adult Education Program serves an additional 8,100 students. The District has the fourth largest high school enrollment in the State and the largest in Northern California.

Located in the city of San Jose, Santa Clara County (Silicon Valley), the District encompasses 180 square miles, which geographically parallels approximately 14 miles of the East foothills of the valley. Within the East Side community of San Jose there are 161,092 households with a population of 574,502 residents. Seven feeder elementary districts send students to East Side Union High School District. The community of this urban school district prides itself on its ethnic and cultural diversity. It is considered an ideal community because of its appealing climate, geographical location and proximity to cultural centers and numerous institutions of higher learning.

Proposition 39 Measures G, E, I, and Z

In 2002, voters in the East Side Union High School District approved Bond Measure G in the amount of $298 million for the purpose of modernizing existing school facilities and building new facilities to support the changing needs of K-12 education in the District. A substantial portfolio of projects has been completed under Measure G, which is concluding with a district-wide site improvement initiative, currently underway.

In 2008, voters in the District approved Bond Measure E in the amount of $349 million for the purpose of continuing modernization of existing school facilities and building of new facilities to support the changing needs of K-12 education in the District. To date, 41 Measure E projects have been completed, 10 are in bid/design, and 8 are under construction.

In 2012, voters in the District approved Bond Measure I in the amount of $120 million for the purpose of continuing modernization of existing school facilities and building of new facilities to support the changing needs of K-12 education in the District.

In 2016, voters in the District approved Bond Measure Z in the amount of $510 million for the purpose of continuing modernization of existing school facilities and building of new facilities to support the changing needs of K-12 education in the District. Planning is in progress to identify the projects to be completed with Measure I funds.
II. General Conditions

A. Submittal Overview

Professional consultants must complete the attached Application in order for the District to consider prequalification status. The District understands that all information submitted for evaluation is official information acquired in confidence. Accordingly, the District will maintain confidentiality to the extent permitted by law. All submitted Applications become the property of the District.

- The District’s review includes an appraisal of the candidates' background, project experience and project successes. If necessary, the District may request a personal interview.

- Submission of an Application does not imply that the District will automatically provide District projects to the consultant. The District will base selection for future projects on the Consultants qualifications and the applicability of their skill set to the project requirements. However, without completion of this process, selection of the consultant for District project will not be a viable option for the District.

- Submitters may withdraw their Application by written request, or by telegraphic request confirmed in the manner specified above, at any time.

- Submission of a signed Application will be interpreted to mean that the Submitter has thereby agreed to all conditions, instructions, descriptions and specifications contained herein. Further, by taking place in the prequalification process, the District understands that the consultants have read and agree to the District’s AE Master Agreement and Form Work Authorization (AE MA & WA), CM Agreement, Contract Service Agreement (CSA) and Professional Services (PI) Agreement. Samples of these agreements can be found at: http://www.esusd.org/Community/District-Services/Bond-Purchasing/index.html

- At its discretion, the District reserves the right to reject submittals or waive any irregularities or informalities therein. The acceptance of a submitted application creates no obligation on the part of the District.

- If applicable, professional consultants who are submitting applications to the District must indicate deviations in a separate specification sheet attached to the Application.

- In the event of any conflicts or ambiguities between these instructions and State or Federal laws, regulations or rules, then the latter shall prevail.

- The consultant’s completed application shall be clear and concise. It shall demonstrate fully that the consultant has considerable experience and expertise, in addition to the knowledge of the requirements to consult for the District.
B. Interpretation of Qualification Application

Any explanation requested by an Applicant regarding the meaning or interpretation of this Request for Statements of Qualification must be requested in writing to Janice Unger, Capital Projects, Purchasing Manager at ungerj@esuhsd.org. Oral explanations or instructions will not be binding. In the interest of fairness and an open process, the District will furnish information provided to prospective Applicant concerning this Request for Qualification to all prospective Applicants as an Addendum to the application Documents on a designated web site: http://www.esuhsd.org/Community/District-Services/Bond-Purchasing/index.html

If the District determines that a consultant does not qualify because of responses to this application form, the consultant retains the right to request a formal, written response from the Capital Purchasing Department for East Side Union High School District explaining the decision. The District will work diligently to ensure that consultants are able to meet prequalification requirements based on their professional history.

C. Acknowledgement and Release

The District reserves the right, for the sole purpose of evaluating consultants, to make inquiries as permitted by law.

By signature and date on this document, the consultant authorizes any financial institution, credit reporting agency and/or service, legal firm or any other type of business, agency or individual named within this document to release to the District (or District’s designated representative) any and all information as that information relates, or could relate, to their ability to evaluate the background, stability and general worthiness of this applicant to perform current or future architectural, engineering and professional service construction consultant activities if approved and awarded a contract by the District.

This Acknowledgement and Release shall remain in effect until the applicant, in writing, requests that the District cease any attempt to evaluate the potential approved applicant for architectural, engineering and professional construction consultant services on the campuses of the East Side Union High School District. A photocopy of this page (with the applicant’s signature and date) shall be deemed as valid as an original document with the applicant’s original signature.
D. Submittal Instructions:

Consultants shall submit Applications in the format specified, completed and signed. ALL submittals shall consist of two (2) printed copies and one (1) digital copy delivered on a Compact Disc to:

EAST SIDE UNION HIGH
SCHOOL DISTRICT
Attn: Capital Purchasing Department
830 N. Capitol Avenue
San Jose, CA  95133

Consultants seeking clarification of the Application process should submit their questions in writing to ungerj@esuhsd.org

Cost of preparation of the submittal shall be borne by the submitter.
