

Preparing every student to thrive in a global society.

February 2, 2021

Dear East Side Community,

The current pandemic has challenged us in many ways. Yet, we stand committed to our promise of preparing all students for college and career. We recognize that there are a number of factors that have impacted our students during the pandemic, and although everyone has worked and continues to work to meet the demands of distance learning, we know there are areas where more support is needed.

Thus, in an effort to support students, the ESUHSD Board of Trustees has passed a resolution where any F grade received by students for the first semester of this school year will be changed to a No Pass (NP) grade. The NP grade will not impact a student's grade point average (GPA). Students will still need to recover the course that was failed, but their transcript will not carry the negative impact that an F grade normally does. Our intent is to support students during these challenging times as we recognize the added pressures brought upon by the pandemic.

Sincerely,
