December 1, 2020

Dear ESUHSD Community,

On November 16, 2020, after Santa Clara County entered into the Purple Tier, I decided to take a pause on our Phase 2 Reopening. After consulting with the Santa Clara County Public Health Department and resuming testing this week of our employees, we will restart Phase 2 on Monday, December 7, 2020. Phase 2 is voluntary on the part of employees and will require families to opt-in to resume in person support.

As we approach the final couple of weeks of the first semester, it is more important than ever to support our students in need and opt-in to receive that in person support.

Athletic conditioning and skill work may also resume on Monday, December 7, for outdoor activity only. There will still be no sharing of equipment or physical contact while in the Purple Tier.

Please stay well and be safe.

Sincerely,

Chris D. Funk
Superintendent
