Multimedia Arts
Wm. C. Overfelt High School

Students learn the responsibilities and skills of contemporary digital media. Students practice animation and visual effects that are used for television, movies, video games, music videos, documentaries, and other forms of media. Pathway features a state-of-the-art multimedia facility and use of multimedia tools and technology, including digital cameras, personal computers and tablets, graphic and photo imaging software, and creation and editing software. Pathway includes mentorships, tours to industry work sites, college tours, and participation in Adobe Youth Voices.
