School Description and Mission Statement

This section provides information about the school's goals and programs.

Pegasus High School is one of five continuation high schools in the East Side Union High School District in San Jose. The site is located on the Independence High School campus. Even though Pegasus is on the Independence campus the two schools are separate schools with separate staff and administration. The exception is that the custodial and grounds services are provided by Independence High School. Alternative Education in the East Side Union High School District is designed to meet the unique personal and education needs of students who may have been unsuccessful in previous educational settings. The Five schools have well-trained staff and offer flexible programs. Students enrolled in alternative education include students that: have adjustment problems, are seriously down credits, have parental responsibilities; or have special needs or must work. The schools offer a broad-based curriculum that includes personalized instruction, work experience, vocational classes, service learning and varied services. Classes are small. Each student has a Personalized Learning Plan (PLP) that allows for meeting the needs of his/her learning style and rate of achievement. Alternative Education is an individualized open-entry/open-exit system with competency-based curriculum. Graduating students must meet minimum competencies established by the school district and state mandated graduation requirements. One hundred and twenty 11th and 12th grade students are enrolled, 60 in the morning and 60 in the afternoon. The population is very diverse and the major criterion for acceptance in Pegasus is due to being low in graduation credits. Due to the low population, Pegasus reports its yearly ASAM data to the CDE. The data sent to the CDE includes: Indicator

#6, Attendance rate; Indicator #13B, Average credits earned; Indicator #14, Graduation rate.

Mission Statement: To provide a safe and caring environment where students achieve the academic, personal and social development required to continue learning, pursue post-secondary education, compete in a dynamic job market and participate in a diverse, democratic society.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

Contact Person Name: <i>Jerry Yamaguchi</i>	Contact Person Phone Number: <i>408-928-9597</i>
--	---

At the time of the initial enrollment (orientation), a parent is required to attend a conference with the Coordinator or a Homeroom Teacher to discuss the expectations of all parties involved (parent, student and staff). The student's PLP is discussed with the student and parent to identify the specific needs that will have to be addressed in order for the student to reach their graduation goal. At the beginning of each semester, teachers hold a conference to again discuss the needs of the students using the PLP.

Back-to-School Night is held in October after the first grading period. Report cards are distributed to the parents that attend this function. Parents that do not attend are sent the report in the mail.

II. School Climate

School Safety Plan

This section provides information about the school's comprehensive safety plan.

Date of Last Review/Update: Sept. 2004	Date Last Discussed with Staff: Sept. 2006
---	---

The East Side Union High School District believes that providing a safe learning environment is critical to student success. The following actions have been taken to create safe schools.

- Creation of an Office of Safety to coordinate the district's multi-disciplinary team and supervise police on campus.
- Development of District and School Safety Plans containing emergency directories, action plans, responsibilities, duties and procedures for all kinds of emergencies.
- Enforcement of closed campus of all school. Students are not allowed to leave without permission.
- Development of Safe School Campus Initiative that includes members from the San Jose Police Department, Park/Recreation and Neighborhood Service, Probation, all Associate Principals for Administration and the District's Office of Safety. This team is prepared to

- mobilize in the event of a critical incident or crisis.
- Placement of off-duty San Jose police officers on each campus during the school day for added protection.
- Posting of unacceptable behaviors and consequences of those behaviors at each school classrooms and in the student handbooks.
- Requirement of all staff and students to wear identification badges.
- Establishment of Healthy Start/Student Support Services on campuses to provide support services to students and their families.
- Implementation of Student Attendance Review Board (SARB) to deal with truant students.
- Implementation of earthquake, fire, and lock-down drills (Code-Red) at each school.
- Development and implementation of a model critical response training program for all schools.

School Discipline Practices

This section provides information about the school's efforts to create and maintain a positive learning environment, including the school's use of disciplinary strategies.

Upon entry to Pegasus, students are asked to write a short essay (writing sample) to assess their writing skills. The student is given an assignment to complete (Autobiography) to assess their writing skills in answering questions and following directions. Students are also given an entry assessment in their math and science classes. All classes meet both the District and State content standards. An assessment is given at the conclusion of the first semester to reassess the student's skills. This assessment is also done at the end of the second semester.

Many of the students at Pegasus concurrently enroll in classes away from the Pegasus campus; ie, CCOC, Adult Education, community college.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

III. School Facilities

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Overview

The District makes every effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office and at the district office.

Age of School Buildings

Although the main school campus was constructed in 1976, portable buildings have been added to accommodate diverse program needs.

Maintenance and Repair

District maintenance and facilities staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district's Board of Trustees has adopted cleaning standards for all schools in the district. The Leadership Team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floors systems.

Modernization Projects

During the 2005-2006 school year, local Measure A and Measure G funds and state matching funds were used to renovate existing facilities. The remodeling of the main gym is complete. In addition, remodeling of each of the four villa classrooms will be complete by Fall of 2006.

Substitute Teacher Availability

This section provides information about the availability of qualified substitute teachers and the impact of any difficulties in this area on the school's instructional program.

The East Side Union High School District has developed a large pool of qualified substitute teachers. When teachers are absent for illness or personal emergencies or need to participate in

special professional training activities, substitute teachers are sent to cover classes.

However, to maintain the quality of the instructional program, every effort is made to minimize teacher absences.

Teacher Evaluation Process

This section provides information about the procedures and the criteria for teacher evaluations.

All teachers and staff are evaluated regularly. Teachers are observed and assisted by administrators and coaches who are trained to help teachers improve instruction. First year teachers are evaluated twice during the year, probationary teachers at least once and tenured teachers at least once every two years. The overall purpose of the class visits and evaluation is to reinforce good teaching and to assist those teachers who may need improvement. Informal classroom visitations by administrators occur regularly to maintain awareness of the quality of teaching.

V. Support Staff

Academic Counselors and Other Support Staff

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

The results are reported as the percent of tested students scoring at or above the national average (the 50th percentile). Detailed information regarding NRT results for each grade level can be found at the CDE Web site at <http://star.cde.ca.gov/>. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

IX. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks -- Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Statewide	B	B	B
Similar Schools	B	B	B

API Changes by Student Group -- Three Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

State Award and Intervention Programs

This section will contain information about the school's participation in various state intervention and award programs only to the extent these programs were funded for the period addressed by this report.

Pegasus is not an underperforming school requiring state intervention.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Overall	No	No
Participation Rate - English-Language Arts	Yes	No
Participation Rate - Mathematics	Yes	No
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	No	No
API	Yes	Yes
Graduation Rate	No	No

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

Completion of High School Graduation Requirements

Beginning with the graduating class of 2006, students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2005-06 school year in the 12th grade, this table displays by student group the percent of students who

met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Due to the state's collection schedule for high school completion data, state level data for this reporting element will not be available for report cards published in the 2006-07 school year. Detailed information about the CAHSEE can be found at the CDE Web site at <http://www.cde.ca.gov/ta/tg/hs/>. Note: "N/A" means that the student group is not numerically significant.
