Introductions were made by all participants.

Bob Nuñez, Superintendent suggested when making recommendation to the Board; committee should look at East Side Union High School District's Vision, Mission and Goals as well as goals. He asked for Principals, parents and stakeholder input.

June Rono, Director of Facilities, Construction, Maintenance and Operations talked about the Bond. Board adopted a resolution to go ahead with a Bond measure. The ballot has a lot of flexibility. We will recommend all the things we need. We want to recommend facilities that will make our student successful.

Dan Moser, Associate Superintendent of Instruction and Human Relations spoke to the committee on about equity.

Jane Baldi, Director of Testing Evaluation and Research, spoke on Program Improvement Components.

Marie Grey provided participants with two handouts.

-What Our Vision Would Look Like on Our Campuses and in Our District If We Were All Living It?

-What Would Our Campuses Look Like if We all Truly Lived Our Core Values?

Teachers' surveys are complete and will be place on the website. CSEA has not had a chance to look the survey. Parent, Principal's and student survey is ready. Marie is currently working on a community survey.

There was a discussion on how we can have all the stakeholders involved, and what will happen at each school site. We do know Board has to approve and this has to happen before February. The Bond will not address all our needs.

Activity

Committee members were asked to sit at a table where a Principal was sitting and ask questions regarding instruction and programs at their school site. **See Attachment 1.**

Adjournment

Meeting was adjourned 8:15 p.m. The next general meeting will be at 6:00 p.m. on November 28, 2007, in East Side Union High School District Board Room.
