## **News Release**

*For Immediate Release: February 11, 2004*

### **East Side Launches Online Applications**

Potential employees for the East Side Union High School District can now submit their application through the district's website. Job openings for everything from the secretarial staff to administrators will be posted under the Human Resources Division. Interested candidates from anywhere can begin the application process using the internet.

An array of other online personnel applications are in the planning stages. They will allow us to get information out to job seekers and inform our own employees who want to advance their positions in our organization. We are building capacity to increase the pool of candidates to join our team of top educators. Even if there are not immediate openings, the District will be able to archive applications so candidates can be notified immediately when openings occur.

"Online applications are just the first step in positioning our district to be competitive in obtaining and keeping qualified candidates," states **Superintendent Esperanza Zendejas, Ed.D.**
