The creation of the Education Protection Account (EPA) by Proposition 30, not only impacts cash flow patterns but also has an accountability component. Proposition 30 provides that all K-14 local agencies have the sole authority to determine how the funds received from the EPA are spent, but with these provisions:

- The spending plan must be approved by the Governing Board during a public meeting
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative cost
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended

In addition, there will now be a requirement for the annual financial audit to include verification that the EPA funds were used as specified by Proposition 30. If EPA funds are not expended in accordance with the requirements of Proposition 30, civil or criminal penalties could be incurred.

District’s Spending Plan: All EPA funds received in 2023-24 will be used solely to support instruction and instructional-related services.

As of the first principal apportionment for 2023-24, the District estimates to receive $53.04 million. The District uses the EPA funds to pay teachers salaries and benefits.
