California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

THE NEED FOR ACE IN ESUHS D

ACE Charter Schools exists because there are significant numbers of low-income students and families in our communities who are getting left behind. ACE Charter Schools is a network of urban schools in downtown and East San Jose that successfully recruits disengaged, pessimistic middle school students, and works with them (and their families) until they graduate from ACE Charter High School ready to confidently choose college as a stepping stone to the life they wish to lead.

The vast majority of ACE students are low-income Latinos from the highest-need neighborhoods in East San Jose. ACE students mostly come from demographic subgroups that are significantly underrepresented in college: 97% are low-income Latinos, 53% are English Learners, and 17% are students with special needs. In 2016, ACE Charter High School had its first graduating class, and the achievements of these students are strong evidence of the power of the ACE model: 89% met the A-G requirements for admission to a UC or CSU, and 94% are headed off to college, with about half of those students going to University of California/California State University schools such as UC Davis, San Jose State, Chico State and others, and the other half enrolling in local community colleges such as Evergreen and DeAnza.

HIGHLIGHTS OF THE MODEL

The mission of ACE Charter High School, and the entire ACE organization, is the following:

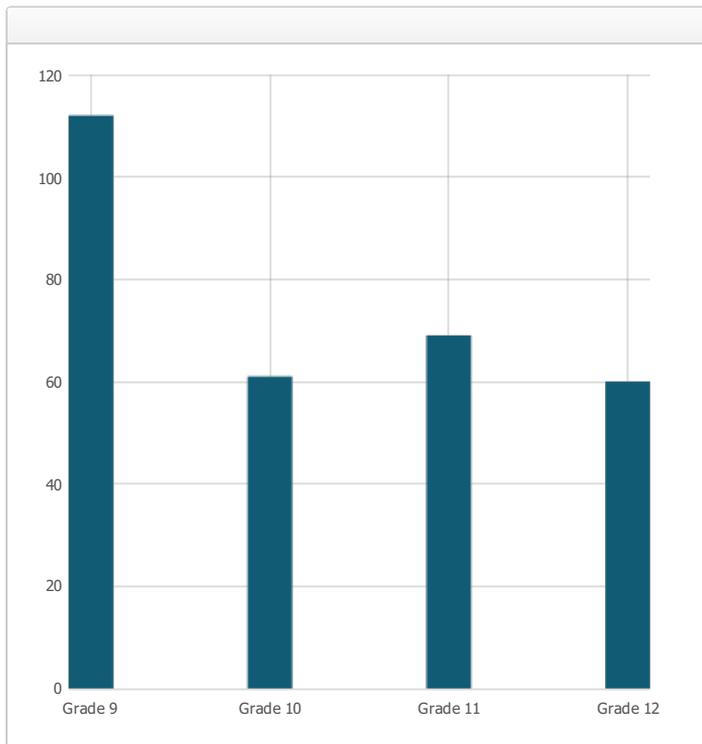

ACE works with families and communities in the highest-need neighborhoods to create and sustain middle and high school where students who have been left behind by the traditional school system grow to be ready, by the time they leave high school, to choose to attend and graduate from a four-year college or university.

This mission is founded on a profoundly felt optimism about children, families, and neighborhoods. And this optimism means that teachers and staff at ACE believe that children and families who are not only demographically underrepresented in college, but have a whole array of obstacles between them and a college degree, can learn the confidence and skills they need to thrive at a four-year university. Every element of the school's model is focused on developing this "college-ready confidence" - ACE's demanding yet optimistic culture permeates every aspect of the academic program, staff training, and parent engagement work, and helps students and families take their first steps toward reaching the goal of college success.

ACE's motto is Grow, Everyone, Every Day, and the motto is the school's expression of its optimism that everyone - not only those who are statistically more likely to succeed - will grow to personal and academic college readiness. To achieve this growth, everything that happens is built on the ACE Culture of Optimism. The ACE Culture of Optimism is designed to help students and families not only take the first step, but to keep striving for college success. It is for this reason that the Culture of Optimism is so focused on a constant, authentic celebration of incremental growth, both in students' personal demonstration of school values as well as their rapid academic progress. The Culture of Optimism generates in students a fundamental, sturdy sense that their failures will be noticed and addressed, and that their successes will be recognized and rewarded.

Student Enrollment by Grade Level (School Year 2016-17)

Grade Level	Number of Students
Grade 9	112
Grade 10	61
Grade 11	69
Grade 12	60

A. Conditions of Learning

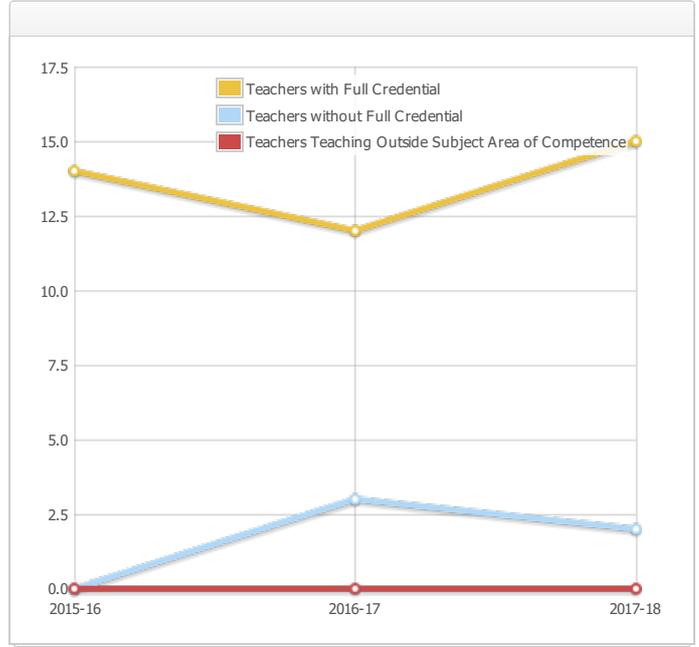

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

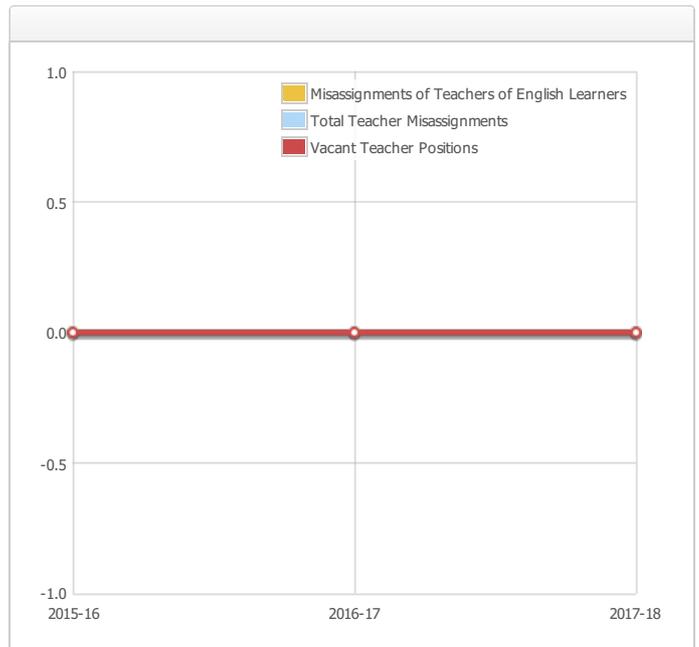

Teachers	School		District
	2015-16	2016-17	2017-18
With Full Credential	14	12	15
Without Full Credential	0	3	2
Teachers Teaching Outside Subject Area of Competence (with full credential)	0	0	0

Last updated: 1/24/2018

Teacher Misassignments and Vacant Teacher Positions

Indicator	2015-16	2016-17	2017-18
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Year and month in which the data were collected: June 2017

Subject	Textbooks and Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy
Reading/Language Arts	<p align="center">English Language Arts (Requirement B)</p> <p>The Charter School offers the following English Language Arts courses, in alignment with the CCSS in ELA, the ACT, the State Priorities, and the Mission of the school. Students at the Charter School will complete at least four of the courses with a grade of C or better, in alignment with A-G requirements. Please see Appendix A-8 for examples of Scope and Sequence in ELA.</p> <p align="center">English I</p> <p>English I is a two semester course designed to introduce students to the rigorous study of both literature and non-fiction with a heavy emphasis on writing and grammar. In the first semester, students will exclusively read non-fiction texts about hip-hop, parental monitoring, extreme sports, and stereotypes. Students will also be introduced to the demanding study of ACT grammar. In the second semester, students will begin their study of literature and literary analysis by reading Sherman Alexie's <i>The Absolutely True Diary of a Part-Time Indian</i> as well as various short stories and poems. Prerequisite: None</p> <p align="center">World Literature</p> <p>The purpose of this course is to promote intellectual growth by strengthening students' abilities to read analytically and creatively, by filling in or reinforcing students' knowledge of the outlines of history, and by making students conversant with many major cultural landmarks. By reading various novels from Africa, Asia, Latin America, and Europe, students will develop their sensitivity to cultural diversity through a critical study of selected world masterpieces from ancient civilizations through the Renaissance in their social and philosophical contexts. Prerequisite: None</p> <p align="center">English II</p> <p>This course is designed to implement various ways to communicate complex literary themes and literary tools. Students study texts ranging from classic literature to modern literature, and express their analysis through group discussions, essays, Socratic circles, presentations, speeches and spoken word. Students will write one essay per unit, ranging from narrative essays to in-depth research papers. Students analyze various forms of texts, both fiction and non-fiction. Authors may include but are not limited to: J.D. Salinger, William Golding, Stephen Chbosky, and Shirley Jackson. Prerequisite: English I</p> <p align="center">American Literature</p> <p>This course is designed and devoted to an in-depth study of the American experience as captured in the seminal works of masters of American literature in the last 250 years. Beginning with poetry and stories, students are exposed to the various periods of American literature and the ideas and forces that shaped the writing of those times. Students are challenged to study how various genres of writing and speaking transformed over time and helped shape the American experience. The course focuses on historical as well as literary themes through reading, writing, listening/viewing, and speaking. The analysis, interpretation and appreciation of the myriad aspects of American literature is emphasized throughout the course. By the end of this course students will have developed an intimate familiarity with the American literary scene while using literary criticism to analyze various forms of text.</p> <p align="center">English III</p> <p>As in English I and II, this course focuses on informational texts and expository writing during the first semester and literature and responses to literature during the second semester. The first semester curriculum uses the four California State University Expository Reading and Writing Curriculum modules developed for eleventh grade, which ramp up the level of reading, thinking, and writing students are required to do. In the second semester, students will read old and new classics of American literature, including plays, novels, and poetry, while tackling essential questions surrounding the universality and individuality of the American experience. Students will write longer and more complex essays and a narrative piece on immigration. The texts they read in the second semester are more challenging and complex than those read in 9th and 10th grade, to prepare students for 12th grade, college, and beyond. Prerequisite: English I, English II</p> <p align="center">AP English Literature</p> <p>The AP English Literature and Composition course engages students in the careful reading and critical analysis of imaginative literature. Through the close reading of selected texts, students deepen their understanding of the ways writers use language to provide both meaning and pleasure for their readers. As they read, students consider a work's structure, style and themes, as well as such smaller-scale elements as the use of figurative language, imagery, symbolism and tone. Reading in an AP course is both wide and deep. This reading necessarily builds upon and complements the reading done in previous English courses so that by the time students complete their AP course, they will have read works from several genres and periods — from the 16th to the 21st century. Prerequisite: English II, ACT Score: 18, Teacher recommendation</p> <p align="center">English IV: CSU Expository Reading and Writing</p> <p>ERWC is a college preparatory, rhetoric-based English language arts course for grade 12 designed to develop academic literacy (advanced proficiency in rhetorical and analytical reading, writing, and thinking). Students will be expected to increase their awareness of the rhetorical strategies employed by authors and to apply those strategies to their own writing. They will read closely to examine the relationship between an author's argument or theme and his or her audience and purpose, to analyze the impact of structural and rhetorical strategies, and to examine the</p>	Yes	0.0 %

social, political, and philosophical assumptions that underlie the text. Prerequisite: English I, English II, English III.

Mathematics	<p style="text-align: center;">Mathematics (Requirement C)</p> <p>The Charter School offers the following Mathematics courses, in alignment with the CCSS in Mathematics and the ACT. Students at the Charter School will complete at least three of the courses with a grade of C or better, in alignment with A-G requirements. Please see Appendix A-9 for examples of Scope and Sequence in Math.</p> <p style="text-align: center;">Integrated Math I</p> <p>This course is an introduction to high school math. The course spans introductory concepts in the strands of function, algebra, geometry, and probability and statistics. Students learn the concept of what a function is along with function notation, they master working with linear equations, are introduced to basic concepts of congruence and the Pythagorean Theorem, and become familiar with marginal probabilities and basic regression models. Prerequisite: None</p> <p style="text-align: center;">Mathematics Lab</p> <p>Mathematics Lab is an incoming support class offered for students that are at least 3 grade levels behind in mathematics. This course serves as a remedial course in addition to Integrated Math I which works on developing student skills in basic algebra and geometry. Topics in Mathematics Lab include, but are not limited to, arithmetic operations, number sense, graphing, functions, one-step and two-step equations, and foiling. Prerequisite: None</p> <p style="text-align: center;">Integrated Math II</p> <p>While Geometry is the emphasis of this course, this course explores intermediate topics in functions, algebra, as well as geometry. Algebra is extended to the manipulation and modeling of quadratic functions. Geometry concepts of congruence are extended to proofs, geometry of triangles is extended to concepts of similarity and right triangle trigonometry, and students develop facility with circle geometry. Concepts of probability extend to marginal and joint probabilities. Prerequisite: Integrated Math I</p> <p style="text-align: center;">Integrated Math III</p> <p>Acting as a bridge between Integrated Math II and Calculus, this course addresses many Pre-Calculus concepts. Strands of functions, algebra, and geometry are taken to an advanced level in this course. Functions are explored in depth as students develop facility with inverse functions and function composition. Exponential functions are explored as well as their inverses: logarithms. In geometry, right triangle trigonometry is extended to non-right triangle trigonometry, including applications in physics. Finally, students understand how all functions behave under different transformations, series and sequences are explored and extended to limits, and students determine the roots of rational and polynomial functions, as students prepare for work in Calculus. Prerequisite: Integrated Math I, Integrated Math II</p> <p style="text-align: center;">AP Calculus AB</p> <p>This calculus course is primarily concerned with developing the students' understanding of the concepts of calculus and providing experience with its methods and applications. The course emphasizes a multi-representational approach to calculus with concepts, results, and problems represented graphically, numerically, analytically, and verbally. Broad concepts and widely applicable methods are emphasized. Students will primarily learn about derivatives and integrals and their applications in everyday life. Prerequisites: Integrated Math I, Integrated Math II, Integrated Math III.</p>	Yes	0.0 %
Science	<p style="text-align: center;">Science (Requirement D)</p> <p>The Charter School offers the following Science courses, in alignment with the NGSS and the CCSS in ELA for Science. Students at the Charter School will complete at least two of the courses with a grade of C or better, in alignment with A-G requirements.</p> <p style="text-align: center;">Biology</p> <p>All incoming 9th grade students will take Biology as their primary science. This course begins with an understanding of life sciences on macro and micro levels. Students study plants and animals in their role as producers and consumers, cell biology and physiology, genetics, evolution, ecology, and taxonomy. The course works to make biology applied, so that students use the knowledge that they have learned to solve real world problems through experiments, the scientific method, and labs. Prerequisite: None</p> <p style="text-align: center;">Chemistry</p> <p>As the second science offered at the high school, Chemistry allows students to explore science on the molecular level, particularly focusing on interactions between acids and bases, stoichiometry, properties of elements, and chemical compound formulations. Students will conduct experiments, test hypotheses, and gain a deeper understanding of the elements and their interactions that make up the world in which they live. Students will conduct lab activities throughout both semesters that allow them hands on learning opportunities that allow them to analyze data to help them develop a deeper appreciation for the scientific process. Prerequisites: Biology</p> <p style="text-align: center;">AP Environmental Science</p> <p>The goal of the AP Environmental Science course is to provide students with the scientific principles, concepts, and methodologies required to understand the interdependencies of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving or preventing them. Upon course completion, students will have an opportunity to take the AP Environmental Science Exam; if students receive a 3 or higher on the AP Test, they can receive college credit for the course. Prerequisites: Biology, Chemistry, Integrated Math II</p>	Yes	0.0 %
History-Social Science	<p style="text-align: center;">History (Requirement A)</p> <p>The Charter School offers the following History courses, in alignment with the CSS in History-Social Science, the CCSS in ELA for History and Social Science, the State Priorities, and the Mission of the school. Students at the Charter School will complete at least two of the courses with a grade of C or better, in alignment with A-G requirements.</p>	Yes	0.0 %

World History

World History is a year-long required survey course that explores the key events and global historical developments since 1350 A.C.E. that have shaped today's world. The scope of Modern World History provides the latitude to range widely across all aspects of human experience: economics, science, religion, philosophy, politics & law, military conflict, literature & the arts. The course will illuminate connections between students' lives and those of their ancestors around the world. Students will uncover patterns of behavior, identify historical trends and themes, explore historical movements and concepts, and test theories. Students will refine their ability to read for comprehension and critical analysis; summarize, categorize, compare, and evaluate information; write clearly and convincingly; express facts and opinions orally; and use technology appropriately to present information. Prerequisite: None

US History

This course examines the major turning points in American history beginning with the events leading up to the American Revolution, the origins of the constitution, reform movements, Manifest Destiny, the Civil War and Reconstruction, the impact of the frontier, the changing nature of business and government, World War I, the Great Depression, World War II, the growth of the US as a world power. Contemporary world issues such as globalization, economic interdependence and terrorism will also factor into student analysis of international conflict and cooperation. Current events are integrated into the curriculum on a daily basis so that students can see modern connections between past and present. The course seeks to enhance student understanding of history and make students more civic-minded and conscientious citizens. Prerequisites: World History

American Government

This course is a study of the origins, development, structure, and functions of American national government. Topics include the constitutional framework; federalism; the three branches of government; civil rights and liberties; political participation and behavior; and policy formation. Upon completion, students should be able to demonstrate an understanding of the basic concepts and participatory processes of the American political system. Basic concepts of state and local government and their relationships with the federal government are also examined. The American Government course is also taught primarily through Document Based Activities, which teach students how to source, contextualize, support, and develop ideas that help shape arguments within America's current political discourse. Prerequisite: US History, World History

Economics

Economics is a semester long course where students learn how the American economy functions and connect it to issues that they see in their everyday life. With a strong focus on fiscal and monetary policy, the Economics curriculum has students delving deep into how the Federal Reserve monitors and impacts borrowing and lending rates. Consequently, the course also has in-depth units about financial literacy and sustainability to ensure that students understand how money works and can plan for a sustainable and secure future. Prerequisite: US History, World History

Ethnic Studies

The Ethnic Studies class is a senior elective that allows students to better understand their place in the world and carve out their own path. This course focuses on a deep understanding of cultural origins, and deals with various stereotypes that students may face in the future. The course also helps students understand systemic and racist issues that have given rise to inequity in the communities that students live; furthermore, the course gives students tools to deal with self-doubt, stereotype threat, and self-identity development. Prerequisite: US History, World History, on track for all UC/CSU courses.

AP World History

Students in AP World History will investigate and develop an understanding of history from roughly 10,000 BCE to the present. Students will cover themes such as: human interaction with the natural world, birth of culture and civilization, geography, expansion, nation building, industrialization, class and international conflicts (with an emphasis on the world economy) leading up to the world wars. Students will learn how to employ methods used by professional historians in order to understand and develop their own historical past. By analyzing documents (primary and secondary sources), students will be able to develop arguments and make connections between significant historical periods that shape the world today. Prerequisites: World History, ACT Reading Score: 16, Lexile Level: 900L

AP US History

The AP US History class is an in depth understanding of history through a filter of essential questions that span the formation of the United States of America until modern times. The class is primarily taught through the lens of Document Based Questions, where students analyze different primary sources to determine perspective, opinion, bias, and context. Upon passing the AP Exam with a 3 or higher, students can get college credit and can be exempt from requirements. Prerequisites: ACT Reading Score: 18, Student must be 11th or 12th grade student.

Foreign Language

Foreign Language (Requirement E)

Yes

0.0 %

The Charter School offers the following Foreign Language courses, in alignment with the CSS in World Languages. Students at the Charter School will complete at least two of the courses with a grade of C or better, in alignment with A-G requirements.

Spanish I

Spanish I is an introductory Spanish course for students that have little or no formal education in written or verbal Spanish. Students here will learn the conjugation of verbs in various present and past tense, and will develop their vocabulary in practical, conversational Spanish. Students are expected to read basic Spanish stories and improve their writing over the course. Prerequisite: None

Spanish II

Spanish II offers a deeper dive into the language as students learn more sophisticated tenses and are able to build on their literary and analytical skills in Spanish. Students will read informational text along with figurative fiction with complex vocabulary to help develop a deeper and more nuanced understanding of the language. This class is based on discussion driven learning, and students will be expected to read articles at home, having prepared written

responses ready for discussion. Prerequisite: Spanish I or passing score on Spanish placement exam.

AP Spanish Language

The AP Spanish course offers students the ability to delve deep into Spanish, and express thoughts and ideas for their own purpose. Through this course, students will access a variety of perspectives and knowledge that are only available through language and culture. Students will analyze poetry, short stories, novels, articles, and informative text pieces of renowned authors from Mexico, Latin America, Spain, and the United States. Students will be required to analyze literal and figurative text, implied meanings, and complex, stylistic writing. Prerequisite: Spanish I, Spanish II.

Health		0.0 %
Visual and Performing Arts	<p style="text-align: center;">Visual and Performing Art (Requirement F)</p> <p>The Charter School offers the following Visual and Performing Arts courses, in alignment with the CSS in Visual and Performing Arts. Students at the Charter School will complete at least one of the courses with a grade of C or better, in alignment with A-G requirements.</p> <p style="text-align: center;">Digital Media</p> <p>This course will be offered for incoming 9th graders to build a foundation for future classes that will require basic technical knowledge. The Digital Media curriculum allows students to develop their artistic style and apply it in practical settings by developing student proficiency in various platforms such as Microsoft Word, Google Documents, email, and Adobe Photoshop digital editing software. Students will learn many techniques that graphic designers and illustrators use in the business world, and implement them in various skill-based assessments. Students will learn how to make banners, posters, business cards, and other commercial items, and will also learn the aesthetics of design, photo editing, and balance. Prerequisite: None</p> <p style="text-align: center;">Art Spectrum</p> <p>This secondary Art course allow students to further deepen their understanding of the principles of design and elements of art. Students will primarily focus on two-dimensional drawing in this class, as well as basic three-dimensional media, like clay, wire and papier mache. Students will explore pattern, contrast, emphasis, balance, proportion, scale, and rhythm in art. While focusing on textures, perspectives, color, space, and value, students will determine what makes art beautiful, and then develop their own skill as artists. Prerequisite: Digital Media (Digital Arts)</p> <p style="text-align: center;">Advanced Media</p> <p>This art class is the third installment of art at the High School. Students build upon their previous knowledge from Art Spectrum/Studio Art II or 3D to focus on exploring a variety of media and techniques. The design process is used to help students solve a wide range of visual problems based on artistic careers, such as Illustrator, Graphic Designer and Photographer. Students will use the "Elements of Art" and "Principles of Design" to improve, revise, and reflect upon their creations. Prerequisites: Digital Media (Digital Arts) & Art Spectrum (Studio Art I & II/3D Art).</p> <p style="text-align: center;">AP Studio Art: 2-D Design</p> <p>The AP Studio Art class is designed for seniors that are interested in a serious, practical experience of art. The AP Studio Art exam is not a written exam; instead, students submit portfolios to be evaluated at the end of the year. Students are expected to produce 24 pieces of art across the year that show their mastery and skill in the Elements of Art and Principles of Design. The course encourages students to develop a creative and systemic investigation of formal and conceptual issues in art, and helps them develop and investigate their own artistic voice and process. Prerequisites: Digital Media, Art Spectrum (Studio Art I & II) & Advanced Media (Studio Art II/3D Art). Students who took AP in their junior year, may repeat senior year.</p>	Yes 0.0 %

School Facility Conditions and Planned Improvements

In August of 2014, ACE Charter High School moved to a new location and is now co-located at Independence High School at 1776 Educational Park Drive in San Jose. Amidst a 103 acre urban campus, ACE Charter High School occupies the following space:

-14 modular classrooms including 2 rooms designated for Science Labs

-1 College Access Center and resource tutoring room

-140 computers (1 computer for every 2 students)

-Shared outdoor recreation and eating area

-Shared gymnasium meeting spaces

-1 main office and 3 administrative office

In the 2017-2018 school year the campus will be relocated to a long term space on the west side of the campus that will be renovated and improved to meet the schools needs. This space will include updated classroom and lab space.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Subject	Percentage of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts / Literacy (grades 3-8 and 11)	48%	54%	61%	63%	48%	48%
Mathematics (grades 3-8 and 11)	21%	23%	38%	39%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Last updated: 1/24/2018

CAASPP Test Results in ELA by Student Group**Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	65	65	100.00%	53.85%
Male	35	35	100.00%	51.43%
Female	30	30	100.00%	56.67%
Black or African American				
American Indian or Alaska Native				
Asian	--	--	--	
Filipino				
Hispanic or Latino	64	64	100.00%	53.13%
Native Hawaiian or Pacific Islander				
White				
Two or More Races				
Socioeconomically Disadvantaged	61	61	100.00%	55.74%
English Learners	40	40	100.00%	37.50%
Students with Disabilities	--	--	--	
Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Mathematics by Student Group**Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	65	64	98.46%	23.44%
Male	35	35	100.00%	25.71%
Female	30	29	96.67%	20.69%
Black or African American				
American Indian or Alaska Native				
Asian	--	--	--	
Filipino				
Hispanic or Latino	64	63	98.44%	22.22%
Native Hawaiian or Pacific Islander				
White				
Two or More Races				
Socioeconomically Disadvantaged	61	60	98.36%	25.00%
English Learners	40	40	100.00%	17.50%
Students with Disabilities	--	--	--	
Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students**Grades Five, Eight and Ten**

Subject	Percentage of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	16.0%	25.0%	50.0%	49.0%	56%	54%

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2016-17 Pupils Enrolled in Courses Required for UC/CSU Admission	100.0%
2015-16 Graduates Who Completed All Courses Required for UC/CSU Admission	98.4%

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percentage of Students Meeting Fitness Standards		
	Four of Six Fitness Standards	Five of Six Fitness Standards	Six of Six Fitness Standards
9	14.8%	6.5%	15.7%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

The Charter School works constantly to bridge the gap between school and home, by working closely with families to support student learning. At the Charter School, learning best occurs when teachers, students and the community are equally invested in the goal of college for all. This commitment is the necessary context for any academic program that succeeds in propelling at-risk students to success in school.

While the Charter School has the parent participation structures typical at most schools (Student-Led Parent-Teacher conferences, Parent Committees, Open House, etc.), more important are the opportunities for parents to take leadership and demonstrate their commitment to the school's shared values. This is especially apparent in the Charter School's Parent Leadership program where parents collaborate with school leaders to help determine better ways to achieve goals that affect their children. Parents receive training and support in developing and leading a Parent Leadership Council which takes part in all key schoolwide initiatives, especially such efforts as developing and reviewing the Charter School LCAP and participating in bi-annual audits of the school program. Families also take a leadership role in the following:

? Yearly community exhibitions of student work, with school staff, families and community members using school-developed rubrics to assess student work

? Home visits by teachers and school leaders to develop closer connections with families of struggling students

? Monthly Cafecitos, where the school informs families on current initiatives and solicits input, as well as provides a forum for discussing ways to further help the school

? Regular evening College Readiness classes to encourage families and students to commit to the multi-step process of preparing academically, emotionally, and financially for college success

? Communication process which involves school-family meetings and student behavior contracts that involve the family in finding solutions to behavior, attendance, and attitude problems, as well as regular teacher communication to families to keep them abreast of student successes and problems

? Participation in the Individual Education Program ("IEP") or Section 504 Plan development and review process in which student achievement data is examined, goals are established, and interventions are outlined.

According to the Charter School's academic philosophy, learning best occurs when teachers, students and the community are equally invested in the school's goal that every student will graduate college-ready. This commitment is the necessary context for any academic program that succeeds in propelling underserved students to success in high school and college.

State Priority: Pupil Engagement

Last updated: 1/24/2018

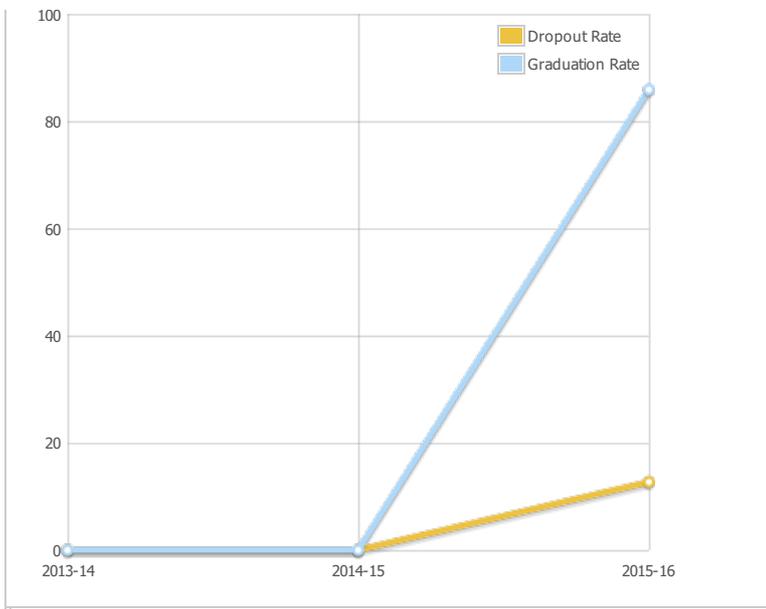

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School			District			State		
	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16
Dropout Rate	0.0%	0.0%	12.7%	0.0%	0.0%	10.0%	11.5%	10.7%	9.7%
Graduation Rate	0.0%	0.0%	85.9%	82.9%	83.0%	85.0%	81.0%	82.3%	83.8%

Dropout/Graduation Rate (Four-Year Cohort Rate) Chart

Last updated: 1/24/2018

Completion of High School Graduation Requirements - Graduating Class of 2016**(One-Year Rate)**

Student Group	School	District	State
All Students	94.0%	83.9%	87.1%
Black or African American	0.0%	83.5%	79.2%
American Indian or Alaska Native	0.0%	79.0%	80.2%
Asian	0.0%	94.0%	94.4%
Filipino	0.0%	93.3%	93.8%
Hispanic or Latino	93.9%	75.6%	84.6%
Native Hawaiian or Pacific Islander	0.0%	93.8%	86.6%
White	0.0%	91.0%	91.0%
Two or More Races	0.0%	87.1%	90.6%
Socioeconomically Disadvantaged	93.9%	79.7%	85.5%
English Learners	50.0%	48.6%	55.4%
Students with Disabilities	100.0%	60.1%	63.9%
Foster Youth	0.0%	39.0%	68.2%

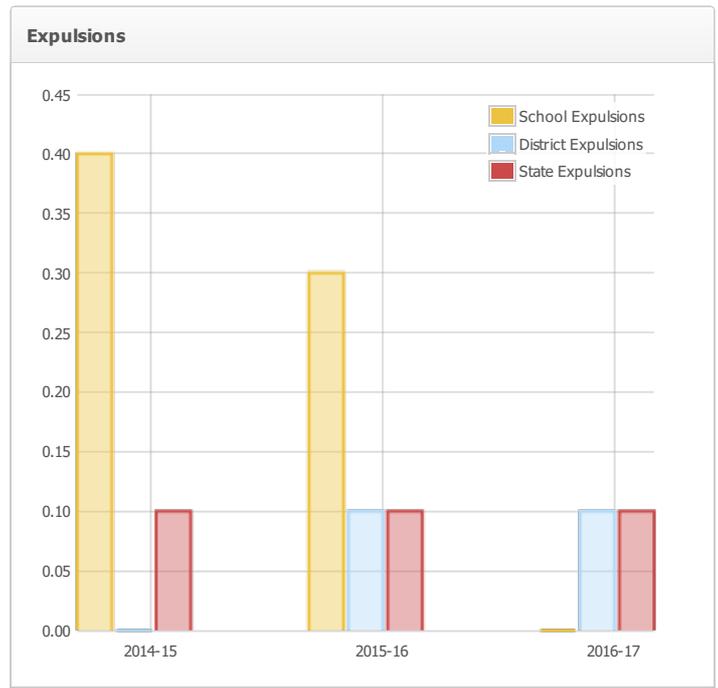

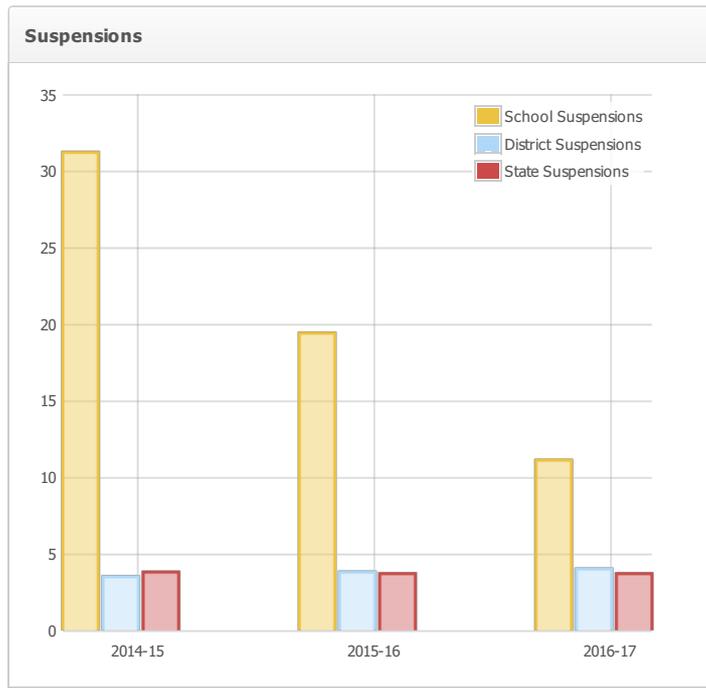

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17
Suspensions	31.2%	19.4%	11.1%	3.5%	3.8%	4.0%	3.8%	3.7%	3.7%
Expulsions	0.4%	0.3%	0.0%	0.0%	0.1%	0.1%	0.1%	0.1%	0.1%

School Safety Plan (School Year 2017-18)

The ACE network of Charter Schools maintains a comprehensive School Safety Plan template, which has been adapted to fit ACE High School's specific safety needs. This Plan is maintained and updated on a regular basis. This plan was last reviewed in August 2016 and all faculty received a revised copy at the summer in-service, where any modifications were discussed. Key elements of the plan include: responding to emergency situations including fires, earthquakes and school lockdowns; site evacuation plans; employee and student health policies; and a description of all federal and state requirements. A copy of the ACE High School School Safety Plan is located in the main office during the school year, and briefings are held with staff members on school safety. Fire and evacuation drills are regularly conducted during the school year.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Federal Intervention Program (School Year 2017-18)

Indicator	School	District
Program Improvement Status	In PI	In PI
First Year of Program Improvement	2014-2015	2004-2005
Year in Program Improvement	Year 1	Year 3
Number of Schools Currently in Program Improvement	N/A	15
Percent of Schools Currently in Program Improvement	N/A	71.4%

Last updated: 1/24/2018

Average Class Size and Class Size Distribution (Secondary)

Subject	2014-15				2015-16				2016-17			
	Average Class Size	Number of Classes *			Average Class Size	Number of Classes *			Average Class Size	Number of Classes *		
		1-22	23-32	33+		1-22	23-32	33+		1-22	23-32	33+
English	25.0	4	4	1	24.0	7	9	1	24.0	6	15	1
Mathematics	25.0	2	7	0	21.0	9	4	0	25.0	3	4	1
Science	28.0	0	7	1	22.0	5	5	0	25.0	3	6	1
Social Science	28.0	1	6	1	21.0	8	6	0	22.0	5	8	0

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Academic Counselors and Other Support Staff (School Year 2016-17)

Title	Number of FTE* Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	1.0	
Counselor (Social/Behavioral or Career Development)	0.4	N/A
Library Media Teacher (Librarian)	0.0	N/A
Library Media Services Staff (Paraprofessional)	0.0	N/A
Psychologist	0.3	N/A
Social Worker	0.0	N/A
Nurse	0.0	N/A
Speech/Language/Hearing Specialist	0.3	N/A
Resource Specialist (non-teaching)	3.0	N/A
Other	3.0	N/A

Note: Cells with N/A values do not require data.

*One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Professional Development

The Charter School teachers helps students reach the school's ambitious academic goals with instructional practices that are precisely designed to help students master state and college-ready standards, and varied to meet student needs and interests. The professional development program at the Charter School is specifically designed to support the school's intensive focus on developing the literacy and math skills necessary for college success, as well as helping students develop the personal values and habits of work and mind they need to succeed in college.

Professional development at the Charter School includes training, models, support from peers and outside coaches, and time to develop and refine curriculum and teaching practices. The school supports teachers in their effort to master their craft by providing consistent feedback on and encouraging thoughtful assessment of their teaching practice. The school will provide teachers with the training and time necessary to implement the improvements identified as necessary for increased student success. Some key elements of the staff development program at the Charter School include:

- ? Development of a college-going culture and college-ready skills and behaviors
 - ? Understanding the CCSS, NGSS, CSS, and ACT College Readiness Standards
 - ? Developing standards-aligned and standards-based curriculum and assessments
 - ? Utilizing data-driven instruction
 - ? Developing shared pedagogical strategies, as well as those specific to the discipline
 - ? Integrating ELD standards into course curricula
 - ? Implementing the schoolwide literacy program, with a focus on reading and writing strategies in the content areas that are focused on the development of college-ready skills
 - ? Differentiating instruction to meet varied student needs, especially those of students who are ELL and students with Special Needs
- School leaders will also receive on-going coaching in overall school development, instructional leadership, and management.
