2017-18 School Accountability Report Card Published During the 2018-19 School Year

School Description

Vision: "With great care and pride, we will teach all students to use the power of their mind to achieve academic, personal, and social success."

Mission Statement: To provide a safe and caring learning environment where students achieve the academic, personal, and social development required to continue learning, to pursue post-secondary education, to compete in a dynamic job market and to participate in a diverse, democratic society.

Pegasus is a "Small But Necessary" continuation school in the East Side Union High School District. Pegasus offers its students an alternative method of schooling in a small school environment, which emphasizes personalized instruction. Pegasus is contiguous to the campus of Independence High School and currently serves 135 students, 60-75 students in our morning program and 60-75 students in our afternoon program. The student population does change at times; the school is run on an "open entry/open exit" basis. Students completing their requirements mid-semester, students transferring back to their home school, and students referred to another alternative program allow for the enrollment of new students. The ethnic breakdown of the students varies year to year, but the vast majority of the students are Hispanic, with smaller numbers of African American, Asian, Filipino, Pacific Islander, and White.

The students who are eligible to attend Pegasus live within the East Side Union High School boundary and are juniors or first semester seniors. Pegasus does serve a small number of RSP students, but not other special education programs. At Pegasus students are re-connected to the academic life, to their families and to their communities by pertinent, personalized, persistent interventions by the staff. Working toward graduation from high school is the driving force behind Pegasus High School. Class size is small (normally 20-25 students) to facilitate a studentcentered/standards-based curriculum that can be individualized, and to increase personal counseling services. Students enrolled here need a flexible educational environment due to their need for employment, raising a family, or other personal issues that require schedule adjustments. Students may earn up to 25 credits from their Pegasus core classes per semester. Students can catch up on their credits quickly from the Home Room Credit portion of the curriculum. They also can earn credits from SV-CTE (Silicon Valley Career Technical Education) and to a lesser extent, adult education classes or community college classes. Active adult guidance, supervision and intervention are provided for each student daily. Instruction is personalized at Pegasus for each student. The school offers the opportunity for students to develop close relationships with staff members and continue their progress toward high school graduation. In this environment students are supported in developing self-esteem. Students learn how to make commitments and keep them. Parents are invited to be positively involved with the school, which greatly enhances student achievement.

Pegasus High School provides both a small school environment and an alternative method of schooling for eleventh and twelfth grade students. With a primary emphasis on personalized instruction, each student is afforded the opportunity to develop strong relationships with the staff members and to progress in a positive, supportive environment toward a high school diploma. Students are supported in their personal development of self-esteem and positive decision making, while learning how to make commitments and keep them.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <u>https://www.cde.ca.gov/ta/ac/sa/</u>.
- For more information about the LCFF or LCAP, see the CDE LCFF web
 page at <u>https://www.cde.ca.gov/fg/aa/lc/</u>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Overview

The District makes every effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office and at the district office.

Cleaning Process and Schedule

The district's Board of Trustees has adopted cleaning standards for all schools in the district. The Leadership Team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floors systems.

Age of School Buildings

The main school campus has been in existence since 1976.

Modernization

Pegasus is currently located in portables on Educational Park Drive. We are awaiting the completion of a modernization project in the J building on the Independence campus which will be the future home of Pegasus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

| 2017-18 CAASPP Results for All Students | | | | | | | |
|---|---|--------|-------|----------|-------|-------|--|

| Math | 0.0 | 0.0 | 39.0 | 38.0 | 37.0 | 38.0 | |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

Pupil outcomes in the subject area of physical education

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

- The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):
- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

At the time of the initial enrollment (orientation), a parent is required to attend a conference with a Homeroom Teacher to discuss the expectations of all parties involved (parent, student and staff). The student's Personal Learning Plan is discussed with the student and parent to identify the specific needs that will have to be addressed in order for the student to reach his/her graduation goal. At the beginning of each semester, teachers hold a conference to again discuss the needs of the students using the PLP.

Back-to-School Night is held in October, after the end of the first grading period. Parents are given a copy of the student's grades and amount of credits earned. Parents are encouraged schedule the first parent/teacher conference at this time. The teachers frequently call home and have a close relationship with the student and family.

Parents are also encouraged to be members of the School Site Council.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Pegasus High School is located on the campus of Independence High School, therefore the entire discipline and safety team of Independence works in conjunction with Pegasus. The East Side Union High School District believes that providing a safe learning environment is critical to student success. The following actions have been taken to create safe schools:

- Creation of an Office of Safety to coordinate the district's multi-disciplinary team and supervise police on campus.
- Development of District and School Safety Plans containing emergency directories, action plans, responsibilities, duties and procedures for all emergencies.
- Enforcement of a closed campus. Students are not allowed to leave without permission.
- Posting of unacceptable behaviors and consequences in each school classrooms and in the student handbooks.
- A requirement of all staff and students to wear identification badges.
- Establishment of Healthy Start/Student Support Services on campuses to provide support services to students and their families.
- Implementation of Student Attendance Review Board (SARB) to deal with truant students.
- Implementation of earthquake, fire, and lock-down drills (Run-Hide-Defend) at each school.
- Development and implementation of a model critical response training program for all schools.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

| Social Science | 14.0 | 14.0 | 14.0 | 11 | 8 | 12 | 1 | 4 | | | | |

Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

Professional development opportunities for staff members are multifaceted and clearly and consistently linked to the state's standards, district goals, the school's core values, and occur during the school year and summer break. Our school has a coherent, comprehensive plan for professional development that is data driven and directly linked to teaching and learning. Not only do teachers and staff participate in staff development opportunities at the school, but they also take advantage of multiple professional development opportunities at the District. In addition, many teachers take professional growth classes at local colleges and universities and attend workshops offered by the Santa Clara County Office of Education. Induction and new teacher orientation meetings support new instructors. The school has created and successfully implemented a collaboration model for professional development. A professional development consultant was contracted to increase the technological proficiency of our teachers to use digital learning tools and software to create a more interactive classroom environment. Professional development around technology was also aligned to Common Core Standards. School wide and departmental meetings are held regularly so that teachers can continue to work on professional development to support school-wide efforts to align curriculum with rigorous state content standards as well as to provide instructional support for literacy and differentiation to assure the achievement of all students.

To ensure a cycle of continuous improvement, professional development is personalized to address the needs of all subject-area teachers, staff, and administrators. Not only do professional development activities for teachers reflect a best practices approach, but they also align with the California Standards for the Teaching Profession. Teachers and staff participate in professional development that is aligned with their individual fields and district plans at multiple levels. At the school level, professional development is structured to have a generalized focus (e.g., standards-based instruction), and specific facets of the professional development program (e.g., specific instructional strategies) are personalized to address the specific content area dynamics and needs. For example, in English, teachers are examining student work to ascertain effective standards-based instructional strategies. The district also offers a multitude of professional development opportunities to broaden teachers' knowledge, enhance their classroom management skills, and augment their repertoire of best practices instructional strategies.

Types of Services Funded

Pegasus High School implemented two supplemental programs for its students. Tutoring classes are provided for both English Language Arts and Math by credentialed teachers in those subject areas. Our other programs are offered as Wednesday evening and Saturday morning intervention for students needing academic support as well as those needing to recover missed instructional minutes.

Career Technical Education Programs

Pegasus High School does not have any CTE programs offered on campus, but the majority of our students attend SV-CTE.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <u>https://dq.cde.ca.gov/dataquest/</u> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
