2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

The Mission of Mt. Pleasant High School is to make a difference in the lives of our students by providing an academically challenging, supportive, and safe environment, and to prepare them for college and career. To meet this mission we operate on a two-semester system with a school day of seven 53-minute periods four days per week and a shortened day with 40-minute periods to allow for teacher and staff collaboration of 70 minutes on Wednesdays. This collaboration time allows the staff to address the goals listed in our Single Plan for Student Achievement which are to 1) provide high-quality instruction, learning opportunities, as well as guidance support to prepare every student to graduate ready for college and career. 2) provide physical, emotional, social, and academic support to ensure students are making appropriate yearly progress toward high school graduation. 3) provide the program, supports, and instructional strategies to obtain English proficiency and the overall academic success of short-term and long-term English Language Learners. 4) establish and sustain healthy school cultures through relationship-centered practices to keep students engaged in their learning environment. 5) engage with and connect students and families to appropriate staff, supports, and programmatic alternatives to increase student attendance in school. We are very proud of the work done in our subject area departments to incorporate instructional shifts in English, Math, and Literacy into all subject areas to meet the needs of our students. In addition, our school is in its fifth year of implementation of Multi-Tiered Systems of Supports (MTSS) for our students.

We have an enrollment of nearly 1,300 students from at least 18 ethnicities and 14 languages spoken. Most of our students are POC with around 70% from Latino backgrounds, 11% from Vietnamese backgrounds, 5% Filipino, and 3% African American.

We offer a varied curricular program to address the needs of our diverse student population. These offerings include AP courses in all subject areas, Specialized Academic Instruction courses to serve the needs of our students receiving Special Education services, and Sheltered courses for our English Learner students. We also offer two Career Academies to prepare our students for college and career: Animation and Multimedia. Furthermore, to meet our school mission and address the varied needs of our student population, Mt. Pleasant High School provides interventions and supports to all our students through our partnerships with Goodwill ASSETS, New Hope for Youth, and the City Peace project.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Overview

The District makes every effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office and at the district office.

Cleaning Process and Schedule

The district's Board of Trustees has adopted cleaning standards for all schools in the district. The Administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. When needed, the district's Facilities and Maintenance Staff support the site's custodial staff.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floors systems.

Age of School Buildings

Although the main school campus was constructed in 1964, all existing classrooms have been renovated and modernized in the last 10 years.

Modernization Projects

Measure E funds and state matching funds have been used to renovate existing facilities. During the 2011-2012 school year, the modernization projects for our classroom buildings began with the 800 building and in February of 2012, the 800 building was completed. In addition, over the summer of 2012, the 600 and 700 buildings, 6 new classrooms, and a new multipurpose building were completed. During the 2012-2013 school year, the gym, 200/300 building, and the stadium field were completed. During the 2016-2017 school year, the renovation of our state-of-the-art pool was completed. The library and quad remodeling project was completed in Fall of 2018. Our campus' back gate and fencing were updated in 2021.

The next area that will be renovated will be the kitchen and cafeteria. Measure Z, the last bond measure, will provide the funds. This project was reaffirmed by School Site Council in 2021 and is scheduled to start in the summer of 2023.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	52	N/A	47	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

Mt. Pleasant High School offers the following Career Technical Education Programs. These programs integrate core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers.

Animation Magnet Program

- Animation 1
- Animation 2
- Animation 3
- Animation 4

Multimedia Academy

- Multimedia 1
- Multimedia 2
- Multimedia 3
- Multimedia 4

Students enrolled in the Multimedia Academy are concurrently enrolled at Foothill Community College and can earn as many as 15 community college credits for the work done in their Multimedia classes.

Silicon Valley Career Technical Education (SVCTE)

- Variety of morning and afternoon courses that prepare high school students for future careers and the workforce.

Work Experience

We offer a section of Work Experience for our students who have a job after school or on weekends.

2021-22 Career Technical Education (CTE) Participation

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 9	85%	79%	84%	76%	84%

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Mt. Pleasant values and includes all stakeholders in all facets of the educational process. To encourage parent participation, Mt. Pleasant maintains a system of open two-way communication and employs a variety of ways to increase stakeholder communication. Not only is the School Accountability Report Card available on the district's website, but pertinent school information, including the results of the school evaluation process, school data, and school programs are also available to parents on the school's website. In addition, to ensure that updated school information reaches all members of our school community, Mt. Pleasant utilizes our web-based messaging system (phone calls, texts, and emails), the electronic bulletin board located in front of the school, and CANVAS. These services provide parents with immediate access to their students' grades, attendance, test scores, school programs, and activities, as well as help facilitate parent communication with staff members. Additionally, all verbal and written communication is done in both English and Spanish. As our Vietnamese-speaking population has increased, we have increased the number of communications with parents in their own language.

Mt. Pleasant High School provides a variety of opportunities for interested parents to become involved in the school. Mt. Pleasant has an active School Site Council and ELAC (English Language Learners Advisory Committee) parent group. We also offer regular Coffees with the principal so parents to interact directly with the principal.

To help support parents and to ensure that all parents receive the information they need to help their children with postsecondary decisions, Mt. Pleasant hosts parent workshops that focus on a variety of topics from understanding standards to A-G requirements. In addition, counselors annually schedule parent visits and workshops that include college information, financial aid, and graduation status. Our Parent and Community Involvement Specialist works closely with our parents to ensure they are connected with the school. In addition, the principal holds meetings with the parents to address their immediate concerns and questions.

If you are interested in participating in any of these programs or would like more information please call Mr. Noel Aguilera Parent and Community Involvement Specialist, at (408) 937-2889 or contact him at aguilera@esuhsd.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	2.07	3.0	2.45
Expulsions	0.00	0.0	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2022-23 School Safety Plan

Our school has comprehensive Emergency and Crisis Response Protocols that outline the systems that must be in place, and procedures that must be followed in the event of an emergency. These Protocols are a general guideline to assist school administrators, Emergency Services (first responders), and staff in the event of an incident at Mt. Pleasant High School. These procedures cover everything from an intruder on campus to a natural disaster. These protocols were created by the district to complement the District's Emergency Disaster Preparedness Plan and Manual, which provides more detail on procedures and preparedness. The guidelines contained within this plan can vary based on the nature of the incident, structural integrity, water and power supplies, and, most importantly, the safety of the staff, students, and school community. Finally, this plan contains a variety of other information including but not limited to:

- Exposure control for bloodborne pathogens
- Safety Drills and procedures
- Emergency communications
- Child abuse reporting
- Hate motivated crimes
- Medical emergencies
- Anonymous Tip Reporting

School Site Council also serves as our School Safety Committee and provides input and approves the yearly Safety Plan. This plan contains the yearly safety goals as determined by the students, staff, and parents. Our Safety Plan is reviewed by the District Safety Committee before it is presented to the East Side Union High School District Board of Trustees for adoption. The 2022-2023 Safety Plan was revised and approved by our School Site Council on March 2, 2021. The four main goals are 1) Decrease the number of incidents involving drugs before, during, and after school, 2) Train the staff in the school-wide emergency preparedness plan, and 3) Improve the ability of students to communicate effectively and peacefully to reduce the number of physical altercations and bullying in campus, 4) Train staff to recognize the socio-emotional needs of their students and get them connected with support.

Throughout the school year, safety alerts are shared with all staff as needed. As part of our Safety Plan, we review our drill procedures with staff and students. In addition, all required drills are scheduled and completed, and the results are communicated to all staff.

2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2021-22 Types of Services Funded

Mt. Pleasant High School receives Title 1 funds to provide additional support services to our students. School Site Council reviews our educational program and determines the types of services necessary to address the needs of our English Learners, Foster, and Socio-economically disadvantaged students. For the 2020-2021 school year these funds were used to provide the following services:

- Staff development from teachers to support the academic needs of these specific populations.
- Opportunities for expanded collaboration to improve teacher practice.
- Socio-emotional support services during and after the school day.
- Continuation of Tier 1 Multi-Tiered Systems of Support
- Provide programs and supports to emergent bilinguals and multilingual students.
- Gang intervention services during and after the school day.
- Opportunities to recover credits after school and in the summer.
- Expose our students to post-secondary options.
- Credit recovery classes after school and during non-school days.
- Enrichment and credit recovery summer classes
- Summer 9th grade Bridge program for students at risk

Professional Development

Professional development opportunities for staff members are linked to the state's standards, district goals, and the school's core values, and occur during the school year and summer break. Our school has a comprehensive plan for professional development that is data-driven and directly linked to teaching and learning. Not only do teachers and staff participate in staff development opportunities at the school, but they also take advantage of various professional development opportunities provided by our District's Instructional Division. In addition, many teachers take professional growth classes at local colleges and universities and attend workshops offered by the Santa Clara County Office of Education. New teachers are supported by our district's Instructional Coaches.

The school has created and successfully implemented a collaboration model for professional development by incorporating a 70 minutes collaboration period on Wednesdays. This collaboration period is used for school-wide and departmental meetings so that teachers can continue to work on professional development to support school-wide efforts to align curriculum with rigorous state content standards as well as to provide instructional support for literacy and differentiation to assure the achievement of all students. Our main goal as a school is to create an equitable community in alignment with our school and district mission and vision. In addition, in order to meet the major student learner needs identified as areas of growth in our self-study cycle, we will focus on meeting students where they are by providing systematic feedback about students' strengths and areas of growth, both academically and socio-emotionally. Departments will tailor their goals to align with this common focus.

This table displays the number of school days dedicated to staff development and continuous improvement.
